WHAT'S HAPPENING DURING THE PROJECT?

- **Track:** Street track renewal, grade crossing, track and surface replacement, and replacement of wood bridge ties/timbers and walkway
- **Buildings & Bridges:** General bridge structure repairs and maintenance; Whiskey Run Bridge (between Springfield Mall and Paper Mill Rd. Stations) superstructure replacement and substructure repairs
- **Power:** Replacement of overhead trolley wire, vegetation clearing, tree trimming, and installation of new trolley wire support structures in select locations
- **Communications & Signals:** Completion of grade crossing warning device improvements (in Collingdale), and start of construction for new Communications-based train control (CBTC)

This project is part of Rebuilding for the Future, our infrastructure, investment, and revitalization program that tackles a \$5 billion backlog of projects, including bridge replacements, substation overhauls, and station improvements. Visit septa.org/rebuilding for project updates, photos, and videos

**Routes 101 & 102
Trolley Modernization Project
Beginning Monday, June 15 and Continuing
Through Sunday, September 6, 2015**

WHAT YOU NEED TO KNOW ABOUT SERVICE DURING THE IMPROVEMENT PROJECT

- Bus service will replace all Route 101/102 Trolleys between 69th St. Transportation Center and the end of each Trolley Route
 - Some weekday Route 101 trips to/from Media Station will begin/end at Woodland Ave. Trolley Station
- Bus service will replace all Route 102 Trolleys between 69th St. Transportation Center and Sharon Hill
- ALL Buses for Route 101/102 service will arrive/depart from the South Terminal
- Customers should plan for between 10 and 25 minutes of additional travel time
- Please refer to the Route 101 or Route 102 public timetable with the June 15, 2015 effective date for specific route and schedule details

PHASE 2

- Beginning Monday, July 20, 2015 a new schedule will go into effect for the Route 102 Bus substitution. Please look for additional service information
