Upon timely receipt of a protest, SEPTA will delay the opening of bids until after resolution of the protest for protests filed prior to the bid opening, or withhold award until after resolution of the protest for protests filed after bid opening. However, SEPTA may open bids or award a contract whenever SEPTA, at its sole discretion, determines that:

a. The items or work to be procured are urgently required; or

b. Delivery or performance will be unduly delayed by failure to make the award promptly; or

c. Failure to make prompt award will otherwise cause undue harm to SEPTA or a funding source.

If the protest is filed before the award of the contract, SEPTA will advise the Presumptive Contractor of the pending protest.

5.2 If deemed appropriate, SEPTA may conduct an informal conference on the merits of the protest with all Interested Parties invited to attend.

5.3 Response to the Protest

SEPTA’s Senior Director of Procurement will respond in detail to each substantive issue raised in the protest within a reasonable time after the protest is filed. SEPTA’s response shall address only the issues raised originally by the Protestant.

When, on its face a protest does not state a valid basis for protest or is untimely, the Senior Director of Procurement may summarily dismiss the protest without requiring a detailed response.

5.4 Rebuttal to SEPTA Response

The Protestant may submit a written rebuttal to SEPTA’s response, addressed to the Senior Director of Procurement, but must do so within five (5) days after receipt of the original SEPTA response. SEPTA will not address new issues raised in the rebuttal. After receipt of the Protestant’s rebuttal, the Senior Director of Procurement will review the protest and notify the Protestant of his/her final decision.
5.5 Request for Additional Information

Failure of the Protestant to comply with a request for information as specified by SEPTA’s Senior Director of Procurement may result in determination of the protest without consideration of the additional information if subsequently produced. If any Interested Party requests information from another Interested Party, the request shall be made to SEPTA’s Senior Director of Procurement, and, if SEPTA so directs, shall be complied with by the other party within five (5) days.

5.6 Request for Reconsideration

If data becomes available that was not previously known, or there has been an error of law, a Protestant may submit a request for reconsideration of the protest. SEPTA’s Senior Director of Procurement will again review the protest considering all currently available information. The Senior Director of Procurement’s determination will be made within a reasonable period of time, and his/her decision will be considered final.

5.7 Decision

Upon review and consideration of all relevant information the determination as issued by SEPTA will be final.

6.0 CONFIDENTIALITY OF PROTEST

Material submitted by a Protestant will not be withheld from any Interested Party, except to the extent that the withholding of information is permitted or required by law or regulation. If the Protestant considers that the protest contains proprietary material which should be withheld, a statement advising of this fact must be affixed to the front page of the protest submission and the allegedly protected information must be so identified whenever it appears.

7.0 FEDERAL TRANSIT ADMINISTRATION (FTA) INVOLVEMENT

Where procurements are funded by the FTA within five (5) business days from receipt of SEPTA’s final decision, the Protestant may file a protest with the FTA only where the protest alleges that SEPTA failed to have or failed to adhere to its protest procedures or there was a violation of Federal Law or Regulation. Contractor also agrees for itself and on behalf of its agents, servants, subcontractors, material men and employees to defend, indemnify and hold harmless SEPTA from and against any and all claims of any kind or nature whatsoever regarding subcontractors and material men and agrees to assume the defense of SEPTA to any such suit at its cost and expense. The Contractor further assumes the risk of loss and damage to materials, machinery and equipment to be incorporated in the Work at all times prior to delivery to the Project site or while in the possession or under the control of the Contractor.

Contractor, for itself and its employees, Board members, officers, agents, servants, workmen, contractors, subcontractors, licensees and invitees, or any other person working on Contractor's behalf, hereby releases and agrees to be liable for and to defend, indemnify and save harmless SEPTA, except to the extent that SEPTA is negligent in whole or in part, for any claims made by an employee, Board member, officer, agent, workman or servant of Contractor's or any other person working on Contractor's behalf, including claims for compensation or benefits payable to any extent by or for Contractor under any workers' or similar compensation acts or other employee benefit acts, and Contractor expressly waives its statutory protection under §303, as amended, of The Pennsylvania Workers’ Compensation Act, 77 P.S. §481 (b).

In addition, Contractor shall indemnify SEPTA for any fines and legal fees incurred because employees, agents, or workers supplied by Contractor are not authorized to work in the United States.

H. Taxes

The Contractor shall pay all sales, consumer, use and other taxes which it is by law required to pay.
I. Warranty of the Work and Maintenance Bonds

1. The Contractor warrants to SEPTA and the Architect or Engineer that all materials and equipment furnished under the Contract will be of highest quality and new unless otherwise specified by SEPTA, free from faults and defects and in conformance with the Contract Documents. All Work not so conforming to these standards shall be considered defective. If required by the Project Manager, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

2. The Contractor hereby guarantees the Work against defective materials or faulty workmanship for a minimum period of one (1) year after final acceptance, as determined by SEPTA and shall replace or repair any defective materials or equipment or faulty workmanship during the period of the guarantee at no cost to SEPTA. As additional security for these guarantees, the Contractor shall, prior to final acceptance by SEPTA, furnish separate Maintenance (or Guarantee) Bonds in form acceptable to SEPTA written by the same corporate surety that provides the Performance Bond and Labor and Material Payment Bond for the Contract, unless otherwise permitted by SEPTA in writing. These bonds shall secure the Contractor's obligation to replace or repair defective materials and faulty workmanship for a minimum period of one (1) year after final acceptance, as determined by SEPTA, and shall be written in an amount equal to one hundred percent (100%) of the Contract Sum, as adjusted (if at all). Samples of the desired bond forms are attached to the Contract for informational purposes.

In the event that the Work is to be completed in phases, and such phases are completed to the full satisfaction of SEPTA, SEPTA shall issue a Certificate of Substantial Completion for the phase(s) or portion(s) of the work. The date of such Substantial Completion by SEPTA shall be the date upon which all warranty periods for the accepted phase or phases of the work will commence.

Neither completion of a phase nor portion of the Work nor final acceptance will be considered by SEPTA until all applicable elements of the work is completed. This includes, but is not limited to, training of SEPTA personnel, delivery of parts, delivery of maintenance and/or operations manuals, and the successful completion of any testing and/or “burn-in” periods. Furthermore, in the event that a latent defect is found in the work during the warranty period, the warranty shall be extended by the length of time that it took the Contractor to fully correct the latent defect.

In addition to the warranty requirements stated above, in the event that warranties extending beyond one (1) year are normally provided for any material, equipment, and/or labor provided for all or part of this Project, and the cost of these warranties are included in the bid price, then such warranties are to be extended to SEPTA at no additional cost. All documentation regarding extended warranties is to be transferred to SEPTA upon the date of partial or final acceptance, whichever should occur first, as determined by SEPTA.

In the event that the warranty work is to be completed after the expiration of the Contract, the Contractor hereby agrees to maintain in force and/or extend all of the insurance as originally required by the Contract when it was in force, with SEPTA and any other entity required by SEPTA named as additional insured.
Contractor is to procure a Right of Entry Permit from Procurement and Contracts and may be required to submit proof of insurance before SEPTA will issue the permit.

J. Permits, Fees and Notices

1. The Contractor shall obtain and pay for all permits, governmental fees and licenses necessary for the proper execution and completion of the Work.

2. The Contractor shall give all notices and comply fully with all laws, ordinances, rules, regulations and orders of any public authority bearing on the performance of the Work. If the Contractor observes that any of the Contract Documents are at a variance therewith in any respect, it shall promptly notify the Project Manager in writing, and any necessary modification shall be effected as determined by the Project Manager. If the Contractor performs any Work knowing it to be contrary to such laws, ordinances, rules and regulations, and without such notice to the Project Manager, it shall assume full responsibility therefore and shall bear all costs, penalties, or fees attributable thereto.

K. Superintendent

The Contractor shall employ a competent superintendent and necessary assistants who shall be in attendance at the Project site during the progress of the Work. The superintendent shall be satisfactory to the Project Manager, and shall not be changed except with the consent or at the direction of the Project Manager, unless the superintendent proves to be unsatisfactory to the Contractor and ceases to be in its employ. If the Project Manager orders that the superintendent be changed, then the Contractor shall promptly replace him or her with a new superintendent who is satisfactory to the Project Manager.

The superintendent shall represent the Contractor and all communications given to the superintendent shall be as binding as if given to the Contractor. Important communications will be confirmed in writing. Other communications will be so confirmed on written request in each case.

L. Responsibility for Those Performing The Work

The Contractor shall be responsible to SEPTA for the acts and omissions of all its employees and all of its Subcontractors, their agents and employees, and all other persons performing any of the Work under a contract with the Contractor.

The Contractor agrees that all personnel used in performance of the Contract shall be considered employees of the Contractor or its Subcontractors and in no event shall any of the personnel employed in the performance of the Contract be considered employees of SEPTA.

M. Construction Schedule

Contractor shall abide by all requirements attached hereto and made a part hereof in EXHIBIT III.

N. Drawings and Specifications at Site
1. The Contractor shall maintain at the site one (1) clean record copy of all Drawings, Specifications, Addenda, approved Shop Drawings, Change Orders and Amendments, in good order, used to memorialize the As-Built condition of the work. These shall be available to the Project Manager, Architect or Engineer at all times. The Drawings and Specifications, marked to record all changes made during construction, shall be delivered to SEPTA upon completion of the Work.

2. The Contractor shall keep an accurate and current record of all deviations from the approved design drawings and Specifications that have occurred in the Work. The deviations are to be recorded on the As-Built Job Set documents.

The Contractor shall maintain this record of deviations on a continuous and regular basis. The As-Built Documents must be made available for the review of the Architect or Engineer and/or the Project Manager as required. The failure of the Contractor to maintain and record these deviations on a continuous basis may result in SEPTA withholding a portion or all of the progress payments impacted by the failure to maintain the As-Built Job Set in a timely manner.

Upon completion of the Work, the Contractor shall complete As-Built changes on the Final As-Built Drawings. The Contractor shall furnish additional reproducible drawings where the "As-Built" changes cannot be readily or completely shown on the Contract Drawings.

Final acceptance of the Work and full payment are contingent upon SEPTA's acceptance of the "As-Built" drawings. SEPTA reserves the right to reject unacceptable Drawings and Specifications. The Contractor shall remedy the same at no additional cost to SEPTA.

O. Shop Drawings and Samples

1. "Shop Drawings" mean any drawings, diagrams, illustrations, schedules, performance charts, brochures and other data which are prepared by the Contractor or any Subcontractor, manufacturer, supplier or distributor, and which illustrate some portion of the Work.

2. "Samples" mean physical examples furnished by the Contractor to illustrate materials, equipment or workmanship, and to establish standards by which the Work will be judged.

3. Shop Drawings and Samples submitted to the Project Manager without evidence of the Contractor's review and approval may be returned for resubmission.

4. By approving and submitting Shop Drawings and Samples, the Contractor shall represent that it has determined and verified all field measurements, field construction criteria, materials, catalog numbers and similar data, or will do so, and that it has checked and coordinated each Shop Drawing and Sample with the requirements of the Work and of the Contract Documents.

5. The Architect or Engineer will review Shop Drawings and Samples, but only for conformance with the design concept of the Project and with the information given in the Contract Documents. Any work done by the Contractor prior to such review by the Architect or Engineer shall be at the Contractor's risk.

6. The Contractor shall make any corrections required by the Architect or Engineer and shall resubmit the required number of corrected copies of Shop Drawings or new Samples until accepted. The Contractor shall direct specific attention in writing or on resubmitted Shop Drawings to revisions other than the corrections requested by the Architect or Engineer on previous submissions.

7. The Architect's or Engineer's review of Shop Drawings or Samples shall not relieve the Contractor of responsibility for any deviation from the requirements of the Contract Documents unless the Contractor has informed the Architect or Engineer in writing of such deviation at the time of submission and the Architect or Engineer has given written acceptance to the specific deviation, nor shall the Architect's or Engineer's review relieve the Contractor from responsibility for errors or omissions in the Shop Drawings or Samples.

The Contractor shall include this requirement in all subcontracts awarded by it under the contract.

IX. SUBCONTRACTS

A. Definition

1. A "Subcontractor" is an individual or organization who enters into a Contract to furnish labor or materials or apparatus in connection with the Work directly or indirectly for or on behalf of the Contractor and whether or not in privity of Contract with the Contractor.

The term "Subcontractor" is referred to throughout the Contract Documents as if singular in number and neutral in gender and means a Subcontractor or its authorized representative.

2. Nothing contained in the Contract Documents shall create any contractual relationship between SEPTA, the Architect, or the Engineer and any Subcontractor.

B. Award of Subcontracts and Other Contracts for Portion of the Work

1. If, after the award, SEPTA refuses to accept any Subcontractor approved by it prior to award, the Contractor shall promptly submit an acceptable substitute and the Contract Sum shall be increased or decreased by the difference in cost occasioned solely by such substitution, and an appropriate Change Order shall be issued. However, no increase in the Contract Sum shall be allowed for any such substitution unless the Contractor has acted in good faith promptly and responsively in submitting a name with respect thereto after notice is given that a proposed Subcontractor is unacceptable.

2. Any new or additional or substituted Subcontractor proposed to be used by Contractor after the award shall be subject to SEPTA's prior written approval.

3. The Contractor shall not make any substitution for any Subcontractor or for any person or for any organization which has been previously accepted by SEPTA as part of subject Contract unless and until requested to do so by SEPTA and/or unless such substitution is expressly approved by SEPTA in writing.

4. Within ten (10) days of receipt of written request from SEPTA's Project Manager the Contractor shall furnish to SEPTA copies of all contracts, bonds, insurance certificates and other similar documents between Contractor and any Subcontractor for the Work.

C. Subcontractor Relations

The Contractor shall deal with each Subcontractor according to the terms and conditions of a written agreement between the Contractor and such Subcontractor. Said written agreement shall...
agreement shall not be inconsistent with any term or condition of the Contract, shall include all terms and conditions required by the Contract and shall in every respect protect SEPTA's interests in the Work and the conduct thereof.

In the absence of good and sufficient reasons, within twenty (20) days of the receipt of payment from SEPTA by the Contractor, the Contractor shall pay each Subcontractor with whom it has contracted their earned share of the payment the Contractor received.

In addition, Contractor shall pay its Subcontractor(s) any retainage Contractor has withheld from its Subcontractor(s) within twenty (20) days after a Subcontractor's work is satisfactory completed.

With regard to any claim or dispute with respect to payment of a Subcontractor or supplier at any tier, Contractor expressly agrees to defend, indemnify and hold SEPTA harmless in the event any suit is brought on account of a dispute between any of the parties including but not limited to subcontractors, suppliers and materialmen and, in particular, Contractor shall assume the defense affirmatively at its sole cost whenever such suit is brought in any jurisdiction.

X. SEPARATE CONTRACTS

A. General

1. SEPTA reserves the right to award other contracts in connection with other portions of the Project under these or any other conditions of the Contract.

2. When separate contracts are awarded for different portions of the Project, "the Separate Contractor" in the Contract Documents in each case shall be the Contractor who signs each separate contract.

3. The Contractors shall be knowledgeable and familiar with the complete work of the Project, including the responsibilities of the Separate Contractors for their portion of the project. The organization of the Specifications in Divisions, Sections and Articles and Drawing arrangement does not in itself define all of the work of the Separate Contracts.

B. Mutual Responsibility Between Contractors

1. The Contractor shall permit other contractors reasonable opportunity for the introduction and storage of their materials and equipment at this site and facilitate the execution of their Work by properly coordinating its Work with theirs.

2. If any part of the Contractor's Work depends on the proper execution, progress or completion of the Work or assistance of any other contractor, utility, person, or municipal or governmental agency, the Contractor agrees to examine and promptly report to the Project Manager any discrepancies or defects in such Work or assistance that render it unsuitable for proper and timely execution of the Contractor's Work. Failure of the Contractor to so examine and report to SEPTA constitutes an acceptance by the Contractor of the other contractor's work or assistance as fit and proper to receive Contractor's Work except for deficiencies discovered after the initiation of the Contractor's Work which could not have been discovered by Contractor prior thereto.
3. Should the Contractor cause damage to the Work or property of any separate contractor on the Project, the Contractor shall at its own expense, upon due notice, diligently attempt to settle with such other contractor by agreement or arbitration.

If such separate contractor sues SEPTA or initiates an arbitration proceeding on account of any damage alleged to have been so sustained, SEPTA shall notify the Contractor who shall defend such proceedings at its own expense, and, if any judgment or award against SEPTA arises therefrom, the Contractor shall pay or satisfy it and shall reimburse SEPTA for any costs which SEPTA has incurred.

C. Cutting and Patching Under Separate Contracts

1. The Contractor shall be responsible for any cutting, fitting, and patching that may be required to complete its Work except as otherwise specifically provided in the Contract Documents. The Contractor shall not cut or alter the work of any other contractor except with the written consent of the Project Manager.

2. Any costs caused by defective, untimely or improperly scheduled work by the Contractor shall be borne by the party responsible therefor.

D. SEPTA's Right to Clean Up

If a dispute arises between the separate contractors as to their responsibility for cleaning up as required by Paragraph VIII.Q, SEPTA may clean up and charge the cost thereof to the several contractors as determined by the Contract Administrator.

XI. TIME

A. Definitions

2. The date of commencement of the Work is the date established in a Notice to Proceed.

3. The date of completion of the Work or any designated portion thereof is the date certified by the Project Manager when the Work delivered by the Contractor is complete and has been accepted by SEPTA. The Work will not be considered complete under the Contract until it has been accepted by SEPTA.

4. The term "day" as used in the Contract Documents shall mean calendar day.
B. Progress and Completion

1. All time limits stated in the Contract Documents are of the essence of the Contract.

2. The Work to be performed under the Contract shall be commenced immediately upon receipt of SEPTA's Notice to Proceed. Contractor shall execute the Work continuously and shall complete the Work within 565 calendar days after the date of receipt of SEPTA's Notice to Proceed. The date of the 565 day after the date of receipt of SEPTA's Notice to Proceed is designated as the "Completion Date" wherever referred to in the Contract Documents. "Completion" as used herein shall mean Final Completion as defined by SEPTA's Project Manager.

C. Delays and Extensions of Time

1. The Contractor hereby expressly warrants and represents that it shall make no claim for increased costs, charges, expenses or damages against SEPTA for any delays or hindrances experienced in the performance of the Work, whether caused by any act or omission of SEPTA or from any cause whatsoever. In the event completion of any portion of the Work is delayed through no fault or neglect of the Contractor the Completion Date may be extended at no additional cost to SEPTA, in SEPTA's sole discretion, as further provided herein.

2. The Contractor shall promptly report to the Project Manager and Contract Administrator any delays or anticipated delays as soon as it, or any of its supervisory employees, become aware of the same.

3. The Contractor may request a no cost time extension for unusually severe weather. In order for SEPTA to consider such a no cost time extension, the following conditions must be met:

   a. The weather experienced at the project site during the contract period must be found to be unusually severe, that is, more severe than the adverse weather that could reasonably been anticipated for the project location during same period in preceding years.

   b. The unusually severe weather must actually cause a delay to the completion of the project, and not have been either concurrent with delays caused by the fault or negligence of the Contractor, or have absorbed any or all of the available positive critical path float, as defined in Exhibit III.

The Contractor, in his request for a weather-related time extension, must provide a schedule of anticipated monthly adverse weather days based on National Oceanic and Atmospheric Administration (NOAA) or similar data for the project location. This schedule will constitute the baseline for monthly weather time evaluations. The Contractor’s progress schedule must reflect the adverse weather delays in all-weather dependent activities. For the purpose of this Contract, unusually severe weather is defined as daily precipitation equal to or exceeding 0.5 inches the average (or mean) precipitation for the month and/or maximum daily temperature not exceeding 32 degrees F. The Contractor shall also meet the provisions of paragraph XI.C.4. below to demonstrate that the severe weather actually delayed the Contractors
Work. Actual adverse weather days must prevent work on critical activities for 50 percent or more of the Contractor’s scheduled workday. If the number of actual adverse weather delay days exceeds the number of days anticipated in the NOAA schedule, SEPTA will consider extending the time of completion by the difference between the schedule and actual adverse weather days for the period requested. A no-cost time extension will be issued by SEPTA if the Contractor’s Time Impact Analysis, as described below, supports the Contractor’s delay claim.

4. In the event that the Contractor decides to claim any extension of time as a result of proposed change orders, or delays, the Contractor shall submit to the Project Manager or the Project Manager's representative, a written Time Impact Analysis illustrating the influence of each proposed change order or delay on the current contract schedule completion date. Each Time Impact Analysis shall include a network analysis demonstrating how the Contractor proposes to incorporate the change order or delay into the detailed progress schedule. Additionally, the analysis shall demonstrate the time impact based on the date the proposed change order is given to the contractor or the date the delay occurs, the status of construction at that point in time, and the event time computation of all affected activities. The event times used in the analysis shall be those included in the latest update copy of the detailed progress schedule or as adjusted by mutual agreement. The Time Impact Analysis shall also include a concise narrative stating the cause(s) of the delay and action taken or proposed to minimize or eliminate the delay. Each Time Impact Analysis shall be submitted by Contractor within fifteen (15) calendar days after notice of a delay is given by the Contractor or a proposed change order is given to the Contractor unless a longer period is requested, with sufficient justification, by the Contractor and approved, in writing, by SEPTA. In cases where the Contractor does not submit a Time Impact Analysis for a specific proposed change order within the specified period of time, then it is mutually agreed that the particular change has no time impact on the contract completion date and no time extension is required.

5. SEPTA shall be the sole judge of whether any such extension shall be granted. In the event that an extension of the Completion Date is granted, SEPTA's right to liquidated damages, as determined in Paragraph XI.E. (if used), shall be accrued as of the extended Completion Date.

In no event shall Contractor be entitled to extra payment on account of any delay in the Work, regardless of whether SEPTA elects to grant an extension of time to the Contractor.

D. Suspensions of Work

The Contractor shall suspend the progress of the Work, or any part thereof, for the operational necessity or convenience of SEPTA whenever it shall be required by written order of the Project Manager. Such suspensions shall be for such reasonable periods of time as the Contract Administrator may order; provided that, in the event of such Suspension(s) of the progress of Work or any part thereof, the Completion Date of the Work so suspended or delayed by such Suspension(s) shall be extended by SEPTA for a period equivalent to the time lost by reason of such Suspension(s). Such order of the Contract Administrator shall not otherwise modify, or invalidate in any way, any of the other provisions of the Contract, and the Contractor shall not be entitled to any damages or compensation from SEPTA, except as otherwise provided in the Contract Documents,
on account of such delay(s) or Suspension(s).

E. **Liquidated Damages for Delays in Completion**

Such Liquidated Damages may, at SEPTA's election be retained by SEPTA from monies to become due to the Contractor and, if none, Contractor agrees to pay to SEPTA such sums as have been determined not as penalty, but as a bona fide attempt to establish an agreed measure of damages which SEPTA will suffer as a result of delays in the completion of the Work beyond the Completion Date. This provision shall be in addition to any other rights or remedies SEPTA may have in law or equity.

XII. **PAYMENT AND COMPLETION**

A. **Contract Sum**

The total Contract Sum is stated in this agreement and is, unless otherwise amended in properly executed writing, the total amount payable by SEPTA to the Contractor for the performance of the Work under the Contract Documents.

B. **Schedule of Payments**

Immediately after award of the Contract and before the first application for payment, the Contractor shall submit to the Project Manager a schedule of values of the various portions of the Work, including quantities, cash flow estimates and other information required by the Project Manager, aggregating the total Contract Sum, divided so as to facilitate payments to Subcontractors in accordance with Paragraph IX., and supported by such data to substantiate its correctness as the Project Manager may require. Each item in the schedule of values shall include its proper share of overhead and profit. The schedule and cash flow projections, when approved by the Project Manager, shall be used as a basis for the Contractor's application for payment.

C. **Interim Progress Payments**

Until fifty percent (50%) of the Work is completed (as determined exclusively by SEPTA), progress payments will be made monthly on the basis of ninety percent (90%) of the value of labor, overhead, equipment, materials and other direct costs incorporated into the Work in that calendar month, as verified by SEPTA's Project Manager. Upon completion of fifty percent (50%) of the Work, one-half of the amount retained by SEPTA shall be returned to the Contractor, provided, however, that the Project Manager approves the application for payment and that the Contractor is making satisfactory progress and there is no specific cause for greater withholding. Upon completion of fifty percent (50%) of the Work, progress payments will be made monthly on the basis of ninety-five percent (95%) of the value of labor, overhead, equipment, materials, and other costs incorporated into the Work in that calendar month, as verified by SEPTA's Project Manager. All such monies retained by SEPTA may be withheld from the Contractor until substantial completion of the Work. Such payments shall be made within thirty (30) days after approval of a request for a progress payment ("Invoice") by the Project Manager. Such Invoice shall be submitted in such form and detail as required by the Project Manager, within ten (10) days after the end of each calendar month. Such invoice shall include a DBE Invoice Payment Report (a sample copy of the DBE Invoice Payment Report that is to be utilized by the Contractor is attached to the Contract).
Payments will be made for materials or equipment which are not incorporated in the Work but delivered and suitably stored at the site and for materials or equipment properly stored off the site and all of which can be determined by the Project Manager to be specifically for the Work; such payments shall be conditioned upon submission by the Contractor of bills of sale or such other procedures and documents are satisfactory to the Project Manager to establish SEPTA's title to such materials or equipment or otherwise protect SEPTA's interest.

The Contractor warrants and guarantees that title to all Work, materials, and equipment covered by an Invoice and incorporated in the Project, will pass to SEPTA upon the receipt of such payment by the Contractor, free and clear of all liens, claims, security interests or encumbrances, hereinafter referred to in this Paragraph as "liens"; and that no Work, materials, or equipment covered by an Invoice will have been acquired by the Contractor, or by any other person performing the Work at the site or furnishing materials and equipment for the project, subject to an agreement under which an interest therein or an encumbrance thereon is retained by the seller or otherwise imposed by the Contractor or such other person. If payment is to be made for materials or equipment delivered to the Work site but not incorporated into the Work, the Contractor shall not be paid until satisfactory evidence of title to the equipment or materials, free and clear of any liens or encumbrances, shall be delivered to SEPTA. Further, the Contractor shall provide adequate safeguard of the materials or equipment against loss or destruction and shall be financially responsible to SEPTA for any failure to do so which results in such loss or destruction.

The parties expressly agree that any provision hereof to the contrary notwithstanding SEPTA shall not be obligated to make payment to the Contractor hereunder if any one or more of the following conditions exists and the parties expressly agree that the aforesaid and below-stated provisions are express conditions subsequent to the payment obligation and that payments under Paragraph XII.C. of the Contract are made expressly subject to the following limitations:

1. Contractor is in default of any of its obligations hereunder or otherwise is in default under any of the Contract Documents;

2. Any part of such payment is attributable to Work which is defective or not performed in accordance with the Plans and Specifications; provided, however, such payment shall be made as to the part hereof attributable to Work which is performed in accordance with the Plans and Specifications and is not defective;

3. Contractor has failed to make payments promptly to Contractor's Subcontractors or for material or labor used in the Work for which SEPTA has made payment to Contractor or Contractor has failed to promptly pay Contractor's Subcontractor(s) retainage after satisfactory completion of work by Subcontractor(s);

4. If SEPTA, in its good faith judgement, determines that the portion of the Contract Sum then remaining unpaid will not be sufficient to complete the Work in accordance with the Plans and Specifications, whereupon no additional payments will be due Contractor hereunder unless and until Contractor, at its sole cost, performs a sufficient portion of the Work so that such portion of the Contract Sum then remaining unpaid is determined by SEPTA to be sufficient.
5. SEPTA assesses Liquidated Damages pursuant to Paragraph XI.E. (if used) and/or SPECIAL CONDITION - PHASED LIQUIDATED DAMAGES (if used) as otherwise described herein.

The parties expressly agree that SEPTA, in its sole reasonable discretion may withhold payments on account of any of the above conditions, and that this withholding is in the contemplation of both parties in their understanding of all the other terms and covenants and conditions of the subject Contract.

D. Certificates for Payment

1. The Project Manager shall be the individual responsible for the approval or disapproval of payments. If the Project Manager approves, SEPTA shall make payment in the manner provided in the Agreement.

2. No Certificate for a Payment, nor any payment, nor any partial or entire use or occupancy of the Project by SEPTA, shall constitute an acceptance of any Work not in accordance with the Contract Documents and/or including the contract schedule.

3. The Contractor recognizes that SEPTA receives a large quantity of funds from Local, State and Federal Governments and that the time required for payment of invoices may, on rare occasions, be affected thereby.

E. Payment Withheld

1. The Contractor expressly agrees that the Project Manager may, from time to time or whenever the Project Manager deems it necessary in the Project Manager's reasonable discretion, decline to approve an application for payment and may withhold a certificate in whole or in part, to the extent reasonably necessary to protect SEPTA.

F. Substantial Completion and Final Payment

1. When the Contractor considers that the entire project work is both substantially complete and acceptable to SEPTA, the Contractor shall submit a Request for Substantial Completion to the Project Manager. The Contractor shall also prepare a list of still incomplete items that remain to be completed or corrected prior to final acceptance. The failure to include any items on such list does not alter the responsibility of the Contractor to complete all Work in accordance with the Contract Documents.

Within a reasonable time after receipt of the Contractor's request, SEPTA, the Contractor and Architect or Engineer shall make an inspection of the Work to determine the status of completion. If SEPTA, the Architect or Engineer do not consider the Work substantially complete, SEPTA will notify the Contractor in writing giving the reasons for the rejection. If SEPTA, and the Architect or Engineer consider the Work substantially complete, the Architect or Engineer will prepare and deliver to SEPTA a Certificate of Substantial Completion, which shall fix the date of Substantial Completion.
The Certificate of Substantial Completion shall list in detail each and every uncompleted item and a reasonable estimate of the cost of completion. The Certificate of Substantial Completion shall also state the responsibilities of SEPTA and the Contractor regarding maintenance, heat, utilities, and insurance and shall fix the time within which the Contractor shall complete the uncompleted items listed. SEPTA will transmit the Certificate of Substantial Completion to the Contractor for the Contractor’s signature and return to SEPTA. SEPTA, upon receipt of the executed certificate will release the remaining retained funds, less one and one half the amount of the uncompleted Work, in accordance with paragraph XII.C. above.

2. Use by SEPTA of any portion/phase of the Work, which has specifically been identified in the Contract Documents, or which SEPTA, the Architect or Engineer and the Contractor agree constitutes a separately functioning and useable part of the Work that can be occupied by SEPTA without significant interference with the Contractor's performance of the remainder of the Work, may be accomplished prior to Substantial Completion of all the Work subject to the following:

SEPTA may, at any time, request (in writing) that the Contractor permit SEPTA to use any portion/phase of the Work for its beneficial use that SEPTA believes to be ready for its intended use and considers substantially complete. If the Contractor agrees, the Contractor will certify to SEPTA that said portion of the Work is substantially complete and request SEPTA to issue a Certificate of Substantial Completion for that portion of the Work. If SEPTA and the Architect or Engineer considers that portion of the Work to be substantially complete, the provisions of paragraphs XII.F.1. will apply with respect to Certification of Substantial Completion for that portion of the Work.

3. Within thirty (30) days of receipt of written notice that the Work is ready for final inspection and acceptance the Project Manager shall have the Architect or Engineer make such inspection and, when the Work is found acceptable in full accordance with the Contract Documents, issue a Certificate of Final Acceptance.

refinement or detailing results in changes in the scope, quality, function and/or intent of the Plans and Specifications not reasonably inferable or foreseeable by a Contractor of Contractor's experience and expertise.

B. Definitions

1. A "Change Order" means a written order to the Contractor, signed by the Contract Administrator, issued in accordance with SEPTA's standard procedures and, authorized either by its General Manager or by its Board, as appropriate, after the execution of the Contract, which makes a Change in the Work or an adjustment in the Contract Sum or the Contract Time. A Change Order shall also be signed by the Contractor if it agrees to the adjustment in the Contract Sum or the Contract Time. The cost or credit to SEPTA resulting from a Change in the Work shall be subject to funding agency concurrence, if required, and determined in one or more of the following ways:

1. **Unit Prices**
   
   a. If changes in the Work are ordered by SEPTA and such change order calls for the deletion or addition of items of Work or material of the same type as those for which unit prices have been stated in the Contract Documents or subsequently agreed upon, the compensation to be paid therefore shall be computed on the basis of such unit prices.

   b. If unit prices are stated in the Contract Documents or are subsequently agreed upon, and if the quantities of changed Work proposed will create a hardship on SEPTA or the Contractor, the applicable unit prices shall be equitably adjusted to prevent such hardship.

   c. Where in the sole opinion of SEPTA the application of unit prices would not be appropriate, the cost or credit to SEPTA shall be determined under the terms and conditions set forth in either Paragraph XIV.D.2. or XIV.D.3. as determined appropriate by SEPTA.

2. **Fixed Price Lump Sum Amount**

   Where SEPTA determines that the scope and extent of the change can be defined before the changed Work is performed, and compensation is not computed on the basis of unit prices as set forth in Paragraph XIV.D.1. above, SEPTA will negotiate a fixed price lump sum amount with the Contractor as compensation for such work. For each change, the Contractor shall furnish a detailed, written proposal itemized according to these guidelines. In order to expedite the review and approval process, all proposals shall be prepared in the categories and in the order listed below:

(3) No additional overhead or profit will be authorized, permitted or paid on additional insurance costs allowed under paragraph 2.e.(1).

3. Time and Material

Compensation for Changed Work on a Time and Material basis will be used only where SEPTA in its sole judgement determines that the scope and extent including cost of the work required cannot be readily determined or negotiated before the Changed Work is performed. Compensation due the Contractor for such Changed Work shall be determined by post audit of the Contractor's claim, priced in accordance with Paragraph XIV.D.2., above.

In the event SEPTA determines to compensate the Contractor for an item of Changed Work on a Time and Materials basis, the Contractor shall, at the end
of each day or at such other intervals as SEPTA shall direct in writing, furnish to SEPTA for such work, (a) daily time slips showing the name of each employee on such Work, the number of hours which he or she was employed thereon, the character of his or her duties, and the wages paid to the employee, (b) a memorandum showing the rates and amounts of Workers' Compensation Insurance premiums and state and federal taxes based on such wages, (c) a memorandum showing vacation allowances, union dues and assessments and health, welfare, employment and retirement benefits which the employer actually pays pursuant to contractual obligation upon the basis of such wages, (d) a memorandum showing the amount and character of the materials furnished in the performance of Changed Work, apparatus rented in connection therewith, from whom they were purchased or rented, and the amount paid therefore, and (e) a memorandum detailing payments made to approved Subcontractors (with copies of Subcontractor invoices attached supported by backup detailed in items (a) through (d) of this paragraph). The failure of the Contractor to furnish time slips and memoranda with respect to any particular labor, equipment, materials, apparatus or subcontract in the timely manner as specified shall constitute a conclusive and binding determination of its part that such labor, equipment, materials, apparatus or subcontract work is not Changed Work, and shall constitute a waiver by the Contractor of its claim for payment based thereon.

E. Access

Representatives of SEPTA shall have access during normal business hours to all records and documents of the Contractor relating to any labor, materials, apparatus, plant and equipment used in the performance of Changed Work, and the Contractor shall obtain for them similar access to the records and documents of its suppliers and Subcontractors. Such access shall be given or obtained both before and after completion of the Changed Work.

F. Allowability and Allocability of Costs

Wherever a determination of cost is to be made, and such determination is not otherwise limited by the foregoing guidelines, the provisions of 48 CFR Subpart 31.2 shall be used to determine the allowability and allocability of such costs, except that (those regulations notwithstanding) state and local taxes on net income shall not be allowed.

G. Other Requirements

In all cases, the costs and percentages detailed in this Paragraph XIV. will cover any and all costs and profit not specifically mentioned therein. The sum of these costs with the applicable percentages will be the only costs used to determine the Contract price increase or decrease.

H. Prior Notice Required as Express Condition for any Claims for Additional Cost

If the Contractor wishes to make any claim for any increase in the Contract Sum, it must give the Project Manager written notice thereof within ten (10) days after the occurrence of the event giving rise to such claim or it shall not be entitled to any compensation therefor. This notice must be given by the Contractor before proceeding
to execute any of the Work, except in an emergency endangering life or property, in which case the Contractor shall proceed in accordance with Paragraph XIII.D. No claim for any increase in the Contract Sum shall be valid unless so made. To be considered for any additional money such claim must set forth the factual basis of the claim in sufficient detail for the party receiving it to know and understand, the nature, amount and extent of the claim and the event or events and fact or facts upon which the claim is based. The parties hereto agree that in the event of such claim or claims that they shall not proceed to litigation without first giving such notice and making reasonable efforts thereafter to resolve the claim or claims without the necessity of seeking recourse in the courts. The Contractor expressly agrees that it shall not make any claim, nor be entitled to any additional cost, against SEPTA resulting from the actions of any Subcontractor or other and separate contractors on the Project it being clearly understood that the Contractor's sole avenue of recovery is against such Subcontractor or other and separate contractors on the Project.

Contractor agrees that failure to comply with the above, may result in waiver of its right, if any, to additional compensation.

I. Minor Changes in the Work

The Project Manager shall have the authority to order minor changes in the Work not involving an adjustment in the Contract Sum or an extension of the Contract Time and not inconsistent with the intent of the Contract Documents. Such changes shall be binding on SEPTA and the Contractor.

J. Field Orders

The Project Manager may issue written field orders which interpret the Contract Documents or which order minor changes, as defined in Paragraph XIV.I, in the Work without change in Contract Sum or Contract Time. The Contractor shall carry out such field orders promptly.

XV. UNCOVERING AND CORRECTION OF WORK

A. Uncovering of Work

1. If any Work should be covered contrary to the request of the Project Manager, it must, if required by the Project Manager, be uncovered for the Project Manager's observation and replaced at the Contractor's expense.

2. If any other Work has been covered which the Project Manager has not specifically requested to observe prior to being covered, the Project Manager may request to see such Work and it shall be uncovered by the Contractor. If such Work is not defective, Contractor shall be compensated for the cost of uncovering and recovering; however, if such Work is defective, then Contractor shall promptly correct such Work and compensate SEPTA for all costs of additional project management incurred in such uncovering, correction of Work and recovering. Any adjustment in the Contract Sum shall be made in accordance with the provisions of Paragraph XIV.

B. Correction of Work

1. The Contractor shall promptly correct all Work rejected by SEPTA as defective or as failing to conform to the Contract Documents, whether
observed before or after Substantial Completion and whether or not fabricated, installed or completed. The Contractor shall bear all cost of correcting such rejected Work, including the cost of the Architect's or Engineer's additional services thereby made necessary.

2. If, within one year after Final Payment or within such longer period of time as may be prescribed by law or by the terms of any applicable special guarantee required by the Contract Documents, any of the Work is found to be defective or not in accordance with the Contract Documents, the Contractor shall correct it promptly after receipt of a written notice from SEPTA to do so unless SEPTA has previously given the Contractor a written acceptance of such specific conditions.

3. All such defective or non-conforming Work under Paragraphs XV.B.1. and 2. shall be removed from the site if necessary and the Work shall be corrected by Contractor to comply with the Contract Documents without cost to SEPTA.

4. The Contractor shall bear the cost of making good all Work performed by separate contractors which has been destroyed or damaged by such removal or correction of defective Work performed by Contractor.

5. If the Contractor does not remove such defective or non-conforming Work within a reasonable time fixed by written notice from the Project Manager, SEPTA may remove it and may store the materials or equipment at the expense of the Contractor. If the Contractor does not pay the cost of such removal and storage within ten (10) days thereafter, SEPTA may, upon ten (10) additional days written notice, sell such Work at auction or at private sale and shall account for the net proceeds thereof, after deducting all the costs that should have been borne by the Contractor, including compensation for additional architectural and/or engineering services and handling fees, as well as any costs associated with making good Work performed by SEPTA as set forth in Paragraph B.4. above. If such proceeds of sale do not cover all costs which the Contractor should have borne and handling fees, the difference shall be charged to the Contractor and an appropriate Change Order shall be issued. If the payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to SEPTA. Any adjustment in the Contract Sum shall be made in accordance with the provisions of Paragraph XIV.

6. If the Contractor fails to correct such defective or non-conforming Work, SEPTA may correct it in accordance with Paragraph XVIII.G.

C. Acceptance of Defective or Non-Conforming Work

If SEPTA prefers to accept defective or non-conforming Work, it may do so instead of requiring its removal and correction. In such case, a Change Order will be issued to reflect an appropriate reduction in the Contract Sum, or, if the amount is determined after Final Payment, it shall be paid by the Contractor.

XVI. TERMINATION FOR CONVENIENCE

SEPTA shall have the right to terminate the Contract, in whole or in part, at any time by written notice to the Contractor. The Contractor shall be paid all reasonable costs as determined by SEPTA in accordance with 48 CFR Subpart 31.2, that specifies the special

However, the agreed amount may not exceed the Contract Sum as reduced by (1) the amount of payments previously made and (2) the Contract price of Work not terminated. Furthermore, SEPTA will not pay any anticipatory profits and/or consequential damages claimed by the Contractor as a result of termination of the Contract. The amount of profit paid shall be determined by the parties based on the amount of actual work completed. The Contractor shall submit promptly its termination claim to SEPTA and SEPTA shall determine the settlement amount to be paid the Contractor. If the Contractor has any property in its possession belonging to SEPTA, the Contractor shall account for same and dispose of it in the manner SEPTA directs.

XVII. TERMINATION FOR CAUSE

A. If Contractor fails to remedy to SEPTA's satisfaction the breach or default of any of the terms, covenants, or conditions of the Contract within ten (10) days after receipt by Contractor of written notice from SEPTA setting forth the nature of said breach or default and/or if the Contractor is suspended or debarred by any federal agency or by the Commonwealth of Pennsylvania, SEPTA shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for cause shall not in any way operate to preclude SEPTA from also pursuing all available remedies against Contractor and its sureties for said breach or default.

B. In the event that SEPTA elects to waive its remedies for any breach by Contractor of any covenant, term or condition of the Contract, such waiver by SEPTA shall not limit SEPTA's remedies for any succeeding breach of that or of any other term, covenant, or condition of the Contract.

C. In the event that it is ultimately determined by SEPTA that the Contractor was not in default or that the failure to perform arose out of causes beyond the control and without fault of the Contractor, the termination shall be treated as one of convenience and the Contractor's sole rights and exclusive remedies shall be those set forth in Section XVI. above.

XVIII. MISCELLANEOUS PROVISIONS

Contractor represents and acknowledges that the choice of jurisdiction and venue described above is reasonable and has been freely and voluntarily made by Contractor. Further, the choice of jurisdiction and venue described above shall be mandatory and not permissive in nature, thereby precluding the possibility by Contractor of litigation or trial in any other jurisdiction, court or venue other than specified above, except that any final judgment may be enforced in other jurisdictions in any manner provided by law.

If Contractor shall, without such previous written consent, assign, transfer, convey, sublet or otherwise dispose of the Contract or of any right title or interest therein or any of the monies due or to become due, the Contract, or any portion of it, may at the option of SEPTA be terminated and cancelled and SEPTA shall thereupon be relieved and discharged from any and all liability and obligations growing out of the same to Contractor and to its assignee or transferee. No right under the Contract or to any money due or to become due hereunder shall be asserted against SEPTA in law or in equity by reason of any so called assignment of the Contract or of any part thereof or of any monies due or becoming due hereunder unless authorized as aforesaid by the prior written consent of SEPTA; provided, that the termination of the Contract shall not release Contractor or its sureties from any liability for any damages sustained by SEPTA by reason of such termination.

D. Government Financial Assistance

E. Reimbursable Work and Expenses

Contractor shall submit to SEPTA a purchase order requesting SEPTA to provide in kind, materials, labor or additional facilities, in each instance where Contractor's performance or that of any Subcontractor has caused or will cause SEPTA to perform necessary emergency or other Work or to vary in any way its schedule of transportation service unless such performance is in accordance with the Contract Documents. Such purchase order may at SEPTA's option be offset against any sum due from SEPTA to Contractor or, be invoiced to Contractor by SEPTA for Payment by Contractor to SEPTA in U. G. **SEPTA's Right to Carry out the Work**

If the Contractor defaults or neglects to carry out the Work in accordance with the Contract Documents or fails to perform any provision of the Contract, SEPTA may, after seven (7) days written notice to the Contractor and without prejudice to any other remedy, make good such deficiencies. In such case, an appropriate Change Order shall be issued, deducting from the payments then or thereafter due to the Contractor the cost of correcting such deficiencies, including the cost of the Architect's or Engineer's additional services made necessary by such default, neglect or failure. If the payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to SEPTA.

H. **Rights and Remedies**

The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

I. **Royalties and Patents**

The Contractor shall pay all royalties and license fees. It shall defend all suits or claims for infringement of any patent rights and shall save SEPTA harmless from loss on account thereof, except that SEPTA shall be responsible for all such loss when a particular manufacturer or manufacturers is specified by SEPTA, but if the Contractor has reason to believe that the design, process or product specified is an infringement of a patent, it shall be responsible for such loss unless it promptly gives such information to SEPTA.

J. **Tests and Inspections:**

1. Tests, inspections and approvals of portions of the Work required by the Contract Documents or by laws, ordinances, rules, regulations or orders of public authorities having jurisdiction shall be made at an appropriate time. Unless otherwise provided, the Contractor shall make arrangements for such tests, inspections and approvals with an independent testing laboratory or entity acceptable to SEPTA and shall bear all related costs of tests, inspections and approvals. The Contractor shall give SEPTA and the Architect or Engineer timely notice of when and where tests and inspections are to be made so SEPTA and/or the Architect or Engineer may observe such procedures.

Neither the observations of the Project Manager or any representative of SEPTA in the administration of the Construction Contract, nor inspection tests or approvals by persons other than the Contractor shall relieve the Contractor from its obligations to perform the Work in accordance with the Contract Documents.

K. Claims for Damages

Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

Nothing in this clause is to be interpreted to make allowable or reasonable any costs which would be unallowable or unreasonable in accordance with Part 31 of the Federal Acquisition Regulation. Conversely, costs made specifically unallowable by the requirements in this clause will not be made allowable under any of the provisions of Part 31 of the Federal Acquisition Regulation.

NOTICE OF REQUIREMENT FOR AFFIRMATIVE ACTION TO ENSURE EQUAL EMPLOYMENT (EXECUTIVE ORDER 11246):

1. The Offeror's or Bidder's attention is called to the "Equal Opportunity Clause" and the "Standard Federal Equal Employment Specifications" set forth herein.

2. (a) The goals and the timetables for minority and female participation, expressed in percentage terms for the Contractor's aggregate work force in each trade on all construction work in the covered area, are as follows:

<table>
<thead>
<tr>
<th>Goals for minority participation for each trade (all trades)</th>
<th>Goals for female participation for each trade (all trades)</th>
</tr>
</thead>
<tbody>
<tr>
<td>17.3%</td>
<td>6.9%</td>
</tr>
</tbody>
</table>

These goals are applicable to all the Contractor's construction work (whether or not it is Federal or Federally assisted) performed in the covered area. If the Contractor performs construction work in a geographical area located outside the covered area, it shall apply the goals established for such geographical area where the work is actually performed. With regard to this second area, the Contractor also is subject to the goals for both its federally involved and non-federally involved construction.

(b) The Contractor's compliance with the Executive Order and the regulations at 41 CFR Part 60-4 shall be based on its implementation of the Equal Opportunity Clause, specific affirmative action obligations required by the specifications set forth at 41 CFR 60-4.3(a), and its efforts to meet the goals. The hours of minority and female employment and training must be substantially uniform throughout the length of the Contract, and in each trade, and the Contractor shall make a good faith effort to employ minorities and women evenly on each of its projects. The transfer of minority or female employees or trainees from contractor to contractor or from project to project for the sole purpose of meeting the Contractor's goals shall be a violation of the Contract, the Executive Order and the regulations at 41 CFR Part 60-4. Compliance with the goals will be measured against the total work hours performed.

3. The Contractor shall provide written notification to the Director of the Office of Federal Contract Compliance Programs within 10 working days of award of any construction subcontract in excess of $10,000 at any tier for construction work under the Contract resulting from this solicitation. The notification shall list the name, address and telephone number of the subcontractor; employer identification number of the subcontractor; estimated dollar amount of the subcontract; estimated starting and completion dates of the subcontract; and the geographical area in which the subcontract is to be performed.
4. As used in this Notice, and in the Contract resulting from this solicitation, the "covered area" is the Philadelphia Five-County area (Bucks, Chester, Delaware, Montgomery, and Philadelphia counties).

STANDARD FEDERAL EQUAL EMPLOYMENT OPPORTUNITY CONSTRUCTION CONTRACT SPECIFICATION:

1. As used in these specifications
   a. "Covered area" means the geographical area described in the solicitation from which the Contract resulted;
   b. "Director" means Director, Office of Federal Contract Compliance Programs, United States Department of Labor, or any person to whom the Director delegates authority;
   c. "Employer identification number" means the Federal Social Security number used on the Employer's Quarterly Federal Tax Return, U. S. Treasury Department Form 941;
   d. "Minority" includes:
      (1) Black (all persons having origins in any of the Black African racial groups not of Hispanic origin);
      (2) Hispanic (all persons of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race);
      (3) Asian and Pacific Islander (all persons having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or the Pacific Islands); and
      (4) American Indian or Alaskan Native (all persons having origins in any of the original peoples of North America and maintaining identifiable tribal affiliations through membership and participation or community identification).

2. Whenever the Contractor, or any Subcontractor at any tier, subcontracts a portion of the Work involving any construction trade, it shall physically include in each subcontract in excess of $10,000 the provisions of these specifications and the Notice which contains the applicable goals for minority and female participation and which is set forth in the solicitations from which the Contract resulted.

3. If the Contractor is participating (pursuant to 41 CFR 60-4.5) in a hometown plan approved by the U. S. Department of Labor, in the covered area either individually or through an association, its affirmative action obligation on all work in the Plan area (including goals and timetables) shall be in accordance with that Plan for those trades which have unions participating in the Plan. Contractors must be able to demonstrate their participation in and compliance with the provisions of any such Hometown Plan. Each Contractor or Subcontractor participating in an approved Plan is individually required to comply with its obligations under the EEO clause, and to make a good faith effort to achieve each goal under the Plan in each trade in which it has employees. The over all good faith performance by other Contractors or Subcontractors toward a goal in an approved Plan does not excuse any covered Contractor's or Subcontractor's failure to make good faith efforts to achieve the Plan goals and timetables.

4. The Contractor shall implement the specific affirmative action standards provided in paragraphs 7.a. through p. of these specifications. The goals set forth in the solicitation from which the Contract resulted are expressed as percentages of the total hours of employment and training of minority and female utilization the Contractor should reasonably be able to achieve in each construction trade in which it has employees in the covered area. Covered construction contractors performing construction work in geographical areas where they do not have a federal or federally assisted construction contract
shall apply the minority and female goals established for the geographical area where the work is being performed. Goals are published periodically in the Federal Register in notice form, and such notices may be obtained from any Office of Federal Contract Compliance Program Office or from Federal Procurement Contracting Officers. The Contractor is expected to make substantially uniform progress toward its goal in each craft during the period specified.

5. Neither the provisions of any collective bargaining agreement, nor the failure by a union with whom the contractor has a collective bargaining agreement, to refer either minorities or women shall excuse the Contractor's obligations under these specifications, Executive Order 11246, or the regulations promulgated pursuant thereto.

6. In order for the nonworking training hours of apprentices and trainees to be counted in meeting the goals, such apprentices and trainees must be employed by the Contractor during the training period, and the Contractor must have made a commitment to employ the apprentices and trainees at the completion of their training, subject to the availability of employment opportunities. Trainees must be trained pursuant to training programs approved by the U. S. Department of Labor.

7. The Contractor shall take specific affirmative actions to ensure equal employment opportunity. The evaluation of the Contractor's compliance with these specifications shall be based upon its effort to achieve maximum results from its actions. The Contractor shall document these efforts fully, and shall implement affirmative action steps at least as extensive as the following:

a. Ensure and maintain a working environment free of harassment, intimidation, and coercion at all sites, and in all facilities at which the Contractor's employees are assigned to work. The Contractor, where possible, will assign two or more women to each construction project. The Contractor shall specifically ensure that all foremen, superintendents, and other on-site supervisory personnel are aware of and carry out the Contractor's obligation to maintain such a working environment, with specific attention to minority or female individuals working at such sites or in such facilities.

b. Establish and maintain a current list of minority and female recruitment sources, provide written notice to minority and female recruitment sources and to community organizations when the Contractor or its unions have employment opportunities available, and maintain a record of the organizations' responses.

c. Maintain a current file of the names, addresses and telephone numbers of each minority and female off-the-street applicant and minority or female referral from a union, a recruitment source or community organization and of what action was taken with respect to each such individual. If such individual was sent to the union hiring hall for referral and was not referred back to the Contractor by the union or, if referred, not employed by the Contractor, this shall be documented in the file with the reason therefor, along with whatever additional actions the Contractor may have taken.

d. Provide immediate written notification to the Director when the union or unions with which the Contractor has a collective bargaining agreement has not referred to the Contractor a minority person or woman sent by the Contractor, or when the Contractor has other information that the union referral process has impeded the Contractor's efforts to meet its obligations.

e. Develop on-the-job training opportunities and/or participate in training programs for the area which expressly include minorities and women, including upgrading programs and apprenticeship and trainee programs relevant to the Contractor's employment needs, especially those programs funded or approved by the Department of Labor. The Contractor shall provide notice of these programs to the sources compiled under 7.b. above.

f. Disseminate the Contractor's EEO policy by providing notice of the policy to unions and training programs and requesting their cooperation in assisting the Contractor in meeting its
EEO obligations; by including it in any policy manual and collective bargaining agreement; by publicizing it in the company newspaper, annual report, etc.; by specific review of the policy with all management personnel and with all minority and female employees at least once a year; and by posting the company EEO policy on bulletin boards accessible to all employees at each location where construction work is performed.

g. Review, at least annually, the company's EEO policy and affirmative action obligations under these specifications with all employees having responsibility for hiring, assignment, layoff, termination or other employment decisions including specific review of these items with on-site supervisory personnel such as Superintendents, General Foreman, etc., prior to the initiation of construction work at any job site. A written record shall be made and maintained identifying the time and place of these meetings, persons attending, subject matter discussed, and disposition of the subject matter.

h. Disseminate the Contractor's EEO policy externally by including it in any advertising in the news media, specifically including minority and female news media, and providing written notification to and discussing the Contractor's EEO policy with other contractors and subcontractors with whom the Contractor does or anticipates doing business.

i. Direct recruitment efforts, both oral and written, to minority, female and community organizations, to schools with minority and female students and to minority and female recruitment and training organizations serving the Contractor's recruitment area and employment needs. Not later than one month prior to the date for the acceptance of applications for apprenticeship or other training by any recruitment source, the Contractor shall send written notice to organizations such as the above, describing the openings, screening procedures, and tests to be used in the selection process.

j. Encourage present minority and female employees to recruit other minority persons and women and, where reasonable, provide after school, summer and vacation employment to minority and female youth, both on the site and in other areas of Contractor's workforce.

k. Validate all tests and other selection requirements where there is obligation to do so under 41 CFR 60-3.

l. Conduct, at least annually, an inventory and evaluation at least of all minority and female personnel for promotional opportunities and encourage these employees to seek or to prepare for, through appropriate training, etc., such opportunities.

m. Ensure that seniority practices, job classifications, work assignments and other personnel practices, do not have a discriminatory effect by continually monitoring all personnel and employment related activities to ensure that the EEO policy and the Contractor's obligations under these specifications are being carried out.

n. Ensure that all facilities and company activities are nonsegregated except that separate or single-user toilet and necessary changing facilities shall be provided to assure privacy between sexes.

o. Document and maintain a record of all solicitations of offers for subcontractors from minority and female construction contractors and suppliers, including circulation of solicitations to minority and female contractor associations and other business associations.

p. Conduct a review, at least annually, of all supervisors' adherence to and performance under the Contractor's EEO policies and affirmative action obligations.

8. Contractors are encouraged to participate in voluntary associations that assist in fulfilling one or more of their affirmative action obligations set forth in paragraphs 7.a. through p. The efforts of a contractor
association, joint contractor-union, contractor-community, or other similar group of which the Contractor is a member and participant, may be asserted as fulfilling any one or more of its obligations under 7.a. through p. of these specifications, provided that the Contractor actively participates in the group, makes every effort to assure that the group has a positive impact on the employment of minorities and women in the industry, ensures that the concrete benefits of the program are reflected in the Contractor's minority and female workforce participation, makes a good faith effort to meet its individual goals and timetables, and can provide access to documentation that demonstrates the effectiveness of actions taken on behalf of the Contractor. The obligation to comply, however, is the Contractor's and failure of such a group to fulfill an obligation shall not be a defense for the Contractor's noncompliance.

9. A single goal for minorities and a separate single goal for women have been established. The Contractor, however, is required to provide equal employment opportunity and to take affirmative action for all minority groups, both male and female, and all women, both minority and non-minority. Consequently, the Contractor may be in violation of the Executive Order if a particular group is employed in a substantially disparate manner (even though the Contractor has achieved its goals for women generally, the Contractor may be in violation of the Executive Order if a specific minority group of women is underutilized).

10. The Contractor shall not use the goals and timetables or affirmative action standards to discriminate against any person because of race, color, religion, sex, or national origin.

11. The Contractor shall not enter into any subcontract with any person or firm debarred from Government contracts pursuant to Executive Order 11246.

12. The Contractor shall carry out such sanctions and penalties for violation of these specifications and of the Equal Opportunity Clause, including suspension, termination and cancellation of existing subcontracts as may be imposed or ordered pursuant to Executive Order 11246, as amended, and its implementing regulations by the Officer of Federal Contract Compliance Programs. Any Contractor who fails to carry out such sanctions and penalties shall be in violation of these specifications and Executive Order 11246, as amended.

13. The Contractor, in fulfilling its obligations under these specifications, shall implement specific affirmative action steps, at least as extensive as those standards prescribed in paragraph 7. of these specifications, so as to achieve maximum results from its efforts to ensure equal employment opportunity. If the Contractor fails to comply with the requirements of the Executive Order, the implementing regulations, or these specifications, the Director shall proceed in accordance with 41 CFR 60-4.8.

14. The Contractor shall designate a responsible official to monitor all employment related activity to ensure that the company EEO policy is being carried out, to submit reports relating to the provisions hereof as may be required by the Government and to keep records. Records shall at least include for each employee the name, address, telephone numbers, construction trade, union affiliation if any, employee identification number when assigned, Social Security number, race, sex, status (e.g., mechanic, apprentice, trainee, helper, or laborer), dates of changes in status, hours worked per week in the indicated trade, rate of pay, and locations at which the work was performed. Records shall be maintained in an easily understandable and retrievable form; however, to the extent that existing records satisfy this requirement, contractors shall not be required to maintain separate records.

15. Nothing herein provided shall be construed as a limitation upon the application of other laws that establish different standards of compliance or upon the application of requirements for the hiring of local or other area residents (e.g., those under the Public Works Employment Act of 1977 and the Community Development Block Grant Program).
Section C - U.S. Department Of Transportation Nondiscrimination Requirements

During the performance of the Contract, the Contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:

1. **Compliance with Regulations.** The Contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the Department of Transportation (hereinafter "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of the Contract.

2. **Nondiscrimination.** The Contractor, with regard to the work performed by it during the Contract, shall not discriminate on the grounds of race, religion, color, sex, age or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the Contract covers a program set forth in Appendix B of the Regulations.

3. **Solicitations for Subcontractors, Including Procurement of Materials and Equipment.** In all solicitations either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under the Contract and the Regulations relative to nondiscrimination on the grounds of race, religion, color, sex, age or national origin.

4. **Information and Reports.** The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by SEPTA or the FTA to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information, the Contractor shall so certify to SEPTA, or the FTA, as appropriate, and shall set forth what efforts it has made to obtain the information.

5. **Sanctions for Noncompliance.** In the event of the Contractor's noncompliance with the nondiscrimination provisions of the Contract, SEPTA shall impose such contract sanctions as it or the FTA may determine to be appropriate, including but not limited to:

   a. Withholding of payments to the Contractor under the Contract until the Contractor complies, and/or

   b. Cancellation, termination or suspension of the Contract, in whole or in part.

6. **Incorporation of Provisions.** The Contractor shall include the provisions of paragraphs 1. through 6. in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as SEPTA or the FTA may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that, in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request SEPTA to enter into such litigation to protect the interests of SEPTA and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

STATE CONTRACT REQUIREMENTS

DEFINITIONS:

A. For the purpose of these provisions, the term Contractor is defined as any person, including, but not limited to, a bidder, offeror, supplier, or subgrantee, who will furnish or perform or seeks to furnish or perform, goods, supplies, services, construction or other activity, under a purchase order, contract, or subgrant with SEPTA.

SR - 1. Nondiscrimination/Sexual Harassment Clause.

A. APPLICABILITY

This article applies to all purchase orders and contracts.

B. The contractor agrees:

In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under any subgrant agreement, contract, or subcontract, a subgrantee, a contractor, a subcontractor, or any person acting on behalf of SEPTA shall not discriminate in violation of the Pennsylvania Human Relations Act (PHRA) and applicable federal laws against any citizen of this Commonwealth who is qualified and available to perform the work to which the employment relates.

Any subgrantee, contractor or any subcontractor or any person on their behalf shall not in any manner discriminate in violation of the PHRA and applicable federal laws against or intimidate any of its employees.

Any subgrantee, contractor or any subcontractor shall establish and maintain a written nondiscrimination and sexual harassment policy and shall inform their employees of the policy. The policy must contain a provision that sexual harassment will not be tolerated and employees who practice it will be disciplined. Posting this Nondiscrimination/Sexual Harassment Clause conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where the grant services are performed shall satisfy this requirement.

Any subgrantee, contractor or any subcontractor shall not discriminate in violation of the PHRA and applicable federal laws against any subgrantee, contractor, subcontractor or supplier who is qualified to perform the work to which the grant relates.

Each subgrantee, contractor and subcontractor represents that it is presently in compliance with and will maintain compliance with all applicable federal, state, and local laws and regulations relating to nondiscrimination and sexual harassment. Each subgrantee, contractor and subcontractor further represents that it has filed a Standard Form 100 Employer Information Report (“EEO-1”) with the U.S. Equal Employment Opportunity Commission (“EEOC”) and shall file an annual EEO-1 report with the EEOC as required for employers subject to Title VII of the Civil Rights Act of 1964,
as amended, that have 100 or more employees and employers that have federal
government contracts or first-tier subcontracts and have 50 or more employees. Any
subgrantee, any contractor or any subcontractor shall, upon request and within the
time periods requested by SEPTA, furnish all necessary employment documents and
records, including EEO-1 reports, and permit access to their books, records, and
accounts by the granting agency and the Bureau of Small Business Opportunities
(BSBO), for the purpose of ascertaining compliance with the provisions of this
Nondiscrimination/Sexual Harassment Clause.

Any subgrantee, contractor or any subcontractor shall include the provisions of this
Nondiscrimination/Sexual Harassment Clause in every subgrant agreement, contract
or subcontract so that those provisions applicable to subgrantees, contractors or
subcontractors will be binding upon each subgrantee, contractor or subcontractor.

Each subgrantee’s, contractor’s and subcontractor’s obligations pursuant to these
provisions are ongoing from and after the effective date of the agreement through the
termination date thereof. Each subgrantee, contractor and subcontractor shall have an
obligation to inform the SEPTA if, at any time during the term of the agreement, it
becomes aware of any actions or occurrences that would result in violation of these
provisions.

SEPTA may cancel or terminate the agreement and all money due or to become due
under the agreement may be forfeited for a violation of the terms and conditions
of this Nondiscrimination/Sexual Harassment Clause. In addition, the SEPTA
may proceed with debarment or suspension and may place the subgrantee,
contractor, or subcontractor in the Contractor Responsibility File.

SR – 2 ADA Provision

A. APPLICABILITY

This article applies to all purchase orders and contracts.

B. During the term of this agreement, the contractor agrees as follows:

Pursuant to federal regulations promulgated under the authority of the Americans
with Disabilities Act, 28 C. F. R. § 35.101 et seq., the contractor understands and
agrees that no individual with a disability shall, on the basis of the disability, be
excluded from participation in this agreement or from activities provided for under
this agreement. As a condition of accepting and executing this agreement, the
contractor agrees to comply with the "General Prohibitions Against Discrimination," 28 C. F. R. § 35.130, and all other regulations promulgated under Title II of the
Americans with Disabilities Act which are applicable to the benefits, services,
programs, and activities provided by SEPTA through contracts with contractors.

The contractor shall be responsible for and agrees to indemnify and hold harmless
SEPTA from all losses, damages, expenses, claims, demands, suits, and actions
brought by any party against the Commonwealth as a result of the contractor's failure
to comply with the provisions of the above paragraph.

SR – 3 Contractor Integrity Provisions.

Federal Construction Contract 69 Bid: 17-00156-AKLM

It is essential that those who seek to contract with SEPTA observe high standards of honesty and integrity. They must conduct themselves in a manner that fosters public confidence in the integrity of SEPTA’s contracting and procurement process.

(1) Ownership of more than a five percent interest in any business; or

(2) Holding a position as an officer, director, trustee, partner, employee, or holding any position of management.

“Gratuity” means tendering, giving, or providing anything of more than nominal monetary value including, but not limited to, cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. The exceptions set forth in the Governor’s Code of Conduct, Executive Order 1980-18, the 4 Pa. Code §7.153(b), shall apply.

“Non-bid Basis” means a contract awarded or executed by SEPTA with Contractor without seeking bids or proposals from any other potential bidder or offeror.

B. In furtherance of this policy, Contractor agrees to the following:

Contractor shall maintain the highest standards of honesty and integrity during the performance of this contract and shall take no action in violation of state or federal laws or regulations or any other applicable laws or regulations, or other requirements applicable to Contractor or that govern contracting or procurement with SEPTA.
Contractor shall establish and implement a written business integrity policy, which includes, at a minimum, the requirements of these provisions as they relate to the Contractor activity with the SEPTA and SEPTA employees and which is made known to all Contractor employees. Posting these Contractor Integrity Provisions conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where the contract services are performed shall satisfy this requirement.

Contractor, its affiliates, agents, employees and anyone in privity with Contractor shall not accept, agree to give, offer, confer, or agree to confer or promise to confer, directly or indirectly, any gratuity or pecuniary benefit to any person, or to influence or attempt to influence any person in violation of any federal or state law, regulation, executive order of the Governor of Pennsylvania, statement of policy, management directive or any other published standard of the Commonwealth in connection with performance of work under this contract, except as provided in this contract.

Contractor shall not have a financial interest in any other contractor, subcontractor, or supplier providing services, labor, or material under this contract, unless the financial interest is disclosed to SEPTA in writing and SEPTA consents to Contractor’s financial interest prior to SEPTA’s execution of the contract. Contractor shall disclose the financial interest to SEPTA at the time of bid or proposal submission, or if no bids or proposals are solicited, no later than Contractor’s submission of the contract signed by Contractor.

Contractor certifies to the best of its knowledge and belief that within the last five (5) years Contractor or Contractor Related Parties have not:

1. been indicted or convicted of a crime involving moral turpitude or business honesty or integrity in any jurisdiction;
2. been suspended, debarred or otherwise disqualified from entering into any contract with any governmental agency;
3. had any business license or professional license suspended or revoked;
4. had any sanction or finding of fact imposed as a result of a judicial or administrative proceeding related to fraud, extortion, bribery, bid rigging, embezzlement, misrepresentation or anti-trust; and
5. been, and is not currently, the subject of a criminal investigation by any federal, state or local prosecuting or investigative agency and/or civil anti-trust investigation by any federal, state or local prosecuting or investigative agency.

If Contractor cannot so certify to the above, then it must submit along with its bid, proposal or contract a written explanation of why such certification cannot be made and SEPTA will determine whether a contract may be entered into with the Contractor. The Contractor’s obligation pursuant to this certification is ongoing from and after the effective date of the contract through the termination date thereof.
Accordingly, the Contractor shall have an obligation to immediately notify SEPTA in writing if at any time during the term of the contract if becomes aware of any event which would cause the Contractor’s certification or explanation to change. Contractor acknowledges that SEPTA may, in its sole discretion, terminate the contract for cause if it learns that any of the certifications made herein are currently false due to intervening factual circumstances or were false or should have been known to be false when entering into the contract.

Contractor shall comply with the requirements of the Lobbying Disclosure Act (65 Pa.C.S. §13A01 et seq.) regardless of the method of award. If this contract was awarded on a Non-bid Basis, Contractor must also comply with the requirements of the Section 1641 of the Pennsylvania Election Code (25 P.S. §3260a).

When Contractor has reason to believe that any breach of ethical standards as set forth in law, the Governor’s Code of Conduct, or these Contractor Integrity Provisions has occurred or may occur, including but not limited to contact by a SEPTA officer or employee which, if acted upon, would violate such ethical standards, Contractor shall immediately notify the SEPTA contracting officer or SEPTA’s Office of the Inspector General in writing.

Contractor, by submission of its bid or proposal and/or execution of this contract and by the submission of any bills, invoices or requests for payment pursuant to the contract, certifies and represents that it has not violated any of these Contractor Integrity Provisions in connection with the submission of the bid or proposal, during any contract negotiations or during the term of the contract, to include any extensions thereof. Contractor shall immediately notify SEPTA in writing of any actions for occurrences that would result in a violation of these Contractor Integrity Provisions. Contractor agrees to reimburse SEPTA for the reasonable costs of investigation incurred by SEPTA’s Office of the Inspector General for investigations of the Contractor’s compliance with the terms of this or any other agreement between the Contractor and SEPTA that results in the suspension or debarment of the Contractor. Contractor shall not be responsible for investigative costs for investigations that do not result in the Contractor’s suspension or debarment.

Contractor shall cooperate with the Commonwealth’s Office of the Inspector General in its investigation of any alleged Commonwealth agency or employee breach of ethical standards and any alleged Contractor non-compliance with these Contractor Integrity Provisions. Contractor agrees to make identified Contractor employees available for interviews at reasonable times and places. Contractor, upon the inquiry or request of an Inspector General, shall provide, or if appropriate, make promptly available for inspection or copying, any information of any type or form deemed relevant by the Office of the State Inspector General to Contractor's integrity and compliance with these provisions. Such information may include, but shall not be limited to, Contractor's business or financial records, documents or files of any type or form that refer to or concern this contract. Contractor shall incorporate this paragraph in any agreement, contract or subcontract it enters into in the course of the performance of this contract/agreement solely for the purpose of obtaining subcontractor compliance with this provision. The incorporation of this provision in a subcontract shall not create privity of contract between SEPTA and any such
subcontractor, and no third party beneficiaries shall be created thereby.

For violation of any of these Contractor Integrity Provisions SEPTA may terminate this and any other contract with Contractor, claim liquidated damages in an amount equal to the value of anything received in breach of these Provisions, claim damages for all additional costs and expenses incurred in obtaining another contractor to complete performance under this contract, and debar and suspend Contractor from doing business with SEPTA and the Commonwealth. These rights and remedies are cumulative, and the use or non-use of any one shall not preclude the use of all or any other. These rights and remedies are in addition to those the Commonwealth may have under law, statute, regulation, or otherwise.

SR - 4 Contractor Responsibility.

A. APPLICATION

This article applies to all purchase orders and contracts.

B. The term “Contractor” may include a permittee, licensee, or any agency, political subdivision, instrumentality, public authority, or other entity of the Commonwealth.

1. The Contractor must certify, in writing, for itself and all its subcontractors, that as of the date of its execution of any Commonwealth contract, that neither the Contractor, nor any subcontractors, nor any suppliers are under suspension or debarment by the Commonwealth or any governmental entity, instrumentality, or authority and, if the Contractor cannot so certify, then it agrees to submit, along with the bid/proposal, a written explanation of why such certification cannot be made.

2. The Contractor must also certify, in writing, that as of the date of its execution of any Commonwealth contract, it has no tax liabilities or other Commonwealth obligations.

3. The Contractor’s obligations pursuant to these provisions are ongoing from and after the effective date of the contract through the termination date thereof. Accordingly, the Contractor shall have an obligation to inform the contracting agency if, at any time during the term of the contract, it becomes delinquent in the payment of taxes, or other Commonwealth obligations, or if it or any of its subcontractors are suspended or debarred by the Commonwealth, the federal government, or any other state governmental entity. Such notification shall be made within 15 days of suspension or debarment.

4. The failure of the Contractor to notify the contracting agency of its suspension or debarment by the Commonwealth, any other state, or the federal government shall constitute an event of default of the Contract with the Commonwealth.

5. The Contractor agrees to reimburse the Commonwealth for reasonable costs of
investigation incurred by the Office of the Inspector General for investigations of the Contractor’s compliance with the terms of this or any other agreement between the Contractor and the Commonwealth, which results in the suspension or debarment of the Contractor. Such costs shall include, but shall not be limited to, salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for investigative costs for investigations which do not result in the Contractor’s suspension or debarment.

6. The Contractor may obtain the current list of suspended and debarred Commonwealth Contractors by either searching the Internet at http://www.dgs.state.pa.us/debarment.htm or contacting the:

A. **APPLICABILITY**

   This article applies to all construction purchase orders and contracts.

B. SEPTA may withhold an amount not to exceed ten (10%) percent of SEPTA’s portion of net Project cost of this Agreement to ensure substantial completion by the contractor of the Project. SEPTA may at any time release any portion of any such retainage if, in the opinion of SEPTA, the contractor has substantially completed sufficient portions of the Project to justify such payments.

SR-5 Steel Products

B. All steel products used or supplied in the performance of the Contract shall be products produced from steel made in the United States in conformity with the Steel Products Procurement Act of 1978 (Act No. 3 of 1978, March 3, P.L. 6 (73 P.S. §1881 et seq.)), as amended and, if the federal Buy America requirements are applicable to the Contract, in full conformity with the Buy America provisions of 49 U.S.C. §5323 (j) [formerly the Federal Surface Transportation Assistance Act of 1982, as amended] and the applicable regulations in 49 CFR part 661.

SR-6 Diverse Business Participation for Non-Federally-Funded Projects

A. APPLICABILITY

This article applies to all purchase orders and contracts.

B. For non-federally funded projects, the Contractor shall comply with provisions of Section 303 of Title 74 of Purdon's Statutes. 74 Pa.C.S. §303 (Diverse business participation).

SR-7 Right To Know

A. APPLICABILITY

This article applies to all purchase orders and contracts.

B. Subgrantee or Contractor understands that this Agreement and records related to or arising out of the Agreement are subject to requests made pursuant to the Pennsylvania Right-to-Know Law, 65 P.S. §§ 67.101-3104, (“RTKL”).

If SEPTA needs the Subgrantee’s or Contractor’s assistance in any matter arising out of the RTKL related to this Agreement, it shall notify the Subgrantee or Contractor using the legal contact information provided in the Agreement. The Subgrantee or Contractor, at any time, may designate a different contact for such purpose upon reasonable prior written notice to SEPTA.

Upon written notification from SEPTA that it requires Subgrantee’s or Contractor’s assistance in responding to a request under the RTKL for information related to this Agreement that may be in Subgrantee’s or Contractor’s possession, constituting, or alleged to constitute, a public record in accordance with the RTKL (“Requested Information”), Subgrantee or Contractor shall:

1. Provide SEPTA, within ten (10) calendar days after receipt of written notification, access to, and copies of, any document or information in Subgrantee’s or Contractor’s possession arising out of this Agreement that SEPTA reasonably believes is Requested Information and may be a public record under the RTKL; and

2. Provide such other assistance as SEPTA may reasonably request, in order to comply with the RTKL with respect to this Agreement.

If Subgrantee or Contractor considers the Requested Information to include a request for a Trade Secret or Confidential Proprietary Information, as those terms are defined by the RTKL, or other information that Subgrantee or Contractor considers exempt from production under the RTKL, Subgrantee or Contractor must notify SEPTA and provide, within seven (7) calendar days of receiving the written notification, a written statement signed by a representative of Subgrantee or Contractor explaining why the requested material is exempt from public disclosure under the RTKL.

SEPTA will rely upon the written statement from Subgrantee or Contractor in denying a RTKL request for the Requested Information unless SEPTA determines that the Requested Information is clearly not protected from disclosure under the RTKL. Should SEPTA determine that the Requested Information is clearly not exempt from disclosure, Subgrantee or Contractor shall provide the Requested Information within five (5) business days of receipt of written notification of SEPTA’s determination.
If Subgrantee or Contractor fails to provide the Requested Information within the time period required by these provisions, Subgrantee or Contractor shall indemnify and hold SEPTA harmless for any damages, penalties, costs, detriment or harm that SEPTA may incur as a result of Subgrantee’s or Contractor’s failure, including any statutory damages assessed against SEPTA.

SEPTA will reimburse Subgrantee or Contractor for any costs associated with complying with these provisions only to the extent allowed under the fee schedule established by the office of Open Records or as otherwise provided by the RTKL if the fee schedule is inapplicable.

Subgrantee or Contractor may file a legal challenge to any SEPTA decision to release a record to the public with the Office of Open Records, or in the Pennsylvania Courts, however, Subgrantee or Contractor shall indemnify SEPTA for any legal expenses incurred by SEPTA as a result of such a challenge and shall hold SEPTA harmless for any damages, penalties, costs, detriment or harm that SEPTA may incur as a result of Subgrantee’s or Contractor’s failure, including any statutory damages assessed against SEPTA, regardless of the outcome of such legal challenge. As between the parties, Subgrantee or Contractor agrees to waive all rights or remedies that may be available to it as a result of SEPTA’s disclosure of Requested Information pursuant to the RTKL.

The Subgrantee’s or Contractor’s duties relating to the RTKL are continuing duties that survive the expiration of this Agreement and shall continue as long as the Subgrantee or Contractor has Requested Information in its possession.

[END OF PAGE]
1. **DEFINITION OF TERMS**
   
a. **Contract Skeleton Form**: A form generated from SEPTA's Capital Program Management System used to record progress and initiate the payment process for each Prime Contractor.

b. **CPM Schedule (Critical Path Method Schedule)**: The project management tool used for planning, scheduling and monitoring project progress herein known as the “Schedule.”

c. **Value Line Breakdown**: A list of cost items (value lines) and associated CPM Schedule activities. Each value line will represent the Prime Contractor’s estimate of the value of the Work described by its associated CPM Schedule activity and will include direct costs, overhead and profit. The Value Line Breakdown must total each Prime Contractor's contract price.

2. **COORDINATING CONTRACTOR**

   The ________ contractor is designated the Coordinating Contractor for this project. The other Prime Contractors will furnish to the Coordinating Contractor the required data necessary for the Coordinating Contractor to prepare the Schedule.

   If this project interfaces with one or more other SEPTA projects, and, in the event that two or more designated Coordinating Contractors interface on specific project tasks, the Project Manager shall have the authority to direct that these Contractors conform to a schedule approved by the Project Manager for the interfacing items. The Project Manager can direct one of the involved designated Coordinating Contractors to develop the Coordinated Schedule for these interface items for the Project Manager's review and approval.

3. **BASELINE SCHEDULE SUBMISSION REQUIREMENTS**

   The Baseline Schedule shall be a CPM schedule showing the Work of all Prime Contractors for the entire contract period. It is a detailed schedule and shall be delivered to SEPTA no later than twenty-one (21) calendar days after receipt by the Coordinating Contractor of its Notice-To-Proceed. The other Prime Contractors shall supply information to the Coordinating Contractor for preparation of this schedule within seven (7) calendar days after receipt of Notice-to-Proceed.

   The Baseline Schedule shall include all of the Work, as specified in the Contract Documents. Failure to include any element of Work required for the performance of the Contract shall not excuse any Prime Contractor from completing all of the Work required within the Contract Time. The Coordinating Contractor shall submit to SEPTA for its review and approval the Baseline Schedule using Primavera Project Planner (P3) or Oracle’s Primavera P6 Project Management software (P6) using the following criteria:

   a. Activity numbers shall not exceed eight (8) alphanumeric characters.

   b. Activity durations shall be each Prime Contractor's estimate, in days, of the time required to perform each activity.

   c. Activity descriptions shall indicate definable items of work. The use of the words "start," "continue," "complete," “general conditions,” “maintain” and similar are not acceptable. The description will include one action for each activity, e.g., “furnish,” “install,” etc.
d. The Schedule shall include all major design, engineering, mobilization, procurement and construction activities for the entire Contract period. Procurement activities shall include shop drawing submittal and SEPTA approval durations in accordance with the technical specifications, lead times for the fabrication and delivery of materials and equipment, and installation of materials and equipment.

e. Each activity in the Schedule shall be assigned a Prime Contractor responsibility code as follows: “GC” for General Contractor, “MC” for Mechanical Contractor and “EC” for Electrical Contractor.

f. Each activity in the Schedule shall be assigned an area code identifying the location of the Work being performed, where applicable.

g. Each activity in the Schedule shall be assigned a phase code identifying the phase, as described in the Contract Documents, of the Work being performed, if applicable.

h. Each activity in the Schedule shall be assigned a subcontractor code identifying each Prime Contractor’s subcontractor performing the Work described by that activity, if applicable.

i. Contract interim milestone dates and the Contract Completion Date shall be input as finish constraint dates and shall agree with such dates specified in the Contract. Other constraint dates are unacceptable unless approved by SEPTA.

The Baseline Schedule submission will consist of the following:

a. Two (2) copies of a P3 or P6 time-scaled diagram showing all activities in the Schedule and two (2) copies of the longest path diagram.

b. Two (2) copies of a written narrative explaining the Schedule and the Prime Contractors’ general approach for meeting interim milestone dates and the Contract Completion Date. The narrative shall discuss the following:
   - The critical path
   - Construction phasing
   - Major procurement items
   - Calendars used in the Schedule, e.g., seven day, five day with holidays, weekend, etc.
   - Activity codes, constraint dates and lags. Non-contract constraint dates and lags must be discussed in the narrative and are subject to SEPTA approval.

c. A compact disk (CD) in P3 or P6 format. Electronic media other than CD shall require SEPTA approval.

4. REVIEW AND ACCEPTANCE OF THE BASELINE SCHEDULE

SEPTA shall complete its review of the Baseline Schedule within seven (7) calendar days. After review by SEPTA, the Baseline Schedule shall be revised and resubmitted if necessary within seven (7) calendar days. SEPTA will direct all changes and the Coordinating Contractor shall comply accordingly. Revision and re-submittal will continue until SEPTA acceptance is achieved.

If the Coordinating Contractor submits a Baseline Schedule whose Projected Completion Date is earlier than the Contract Completion Date, SEPTA may require, at its sole discretion, that the Contract Completion Date be adjusted, by means of a Change Order to reflect the Prime Contractor’s proposed Projected Completion Date.

5. VALUE LINE BREAKDOWN SUBMISSION REQUIREMENTS

After approval of the Baseline Schedule, each Prime Contractor shall submit its Value Line Breakdown,
as defined in Section 1 of these Specifications, to the Coordinating Contractor who will incorporate this Value Line data into the approved Baseline Schedule. The Coordinating Contractor will then submit the CD or other SEPTA-approved electronic media for SEPTA’s review and approval within seven (7) calendar days. SEPTA shall complete its review of the Value Line Breakdown within three (3) calendar days. If necessary, the Coordinating Contractor will re-submit the Value Line Breakdown for SEPTA approval within three (3) calendar days. Upon SEPTA’s approval, the Coordinating Contractor shall submit the approved Baseline Schedule data and approved value line data on a CD or other SEPTA-approved electronic media. The approved data will be used as the basis for input to SEPTA's Capital Program Management System and progress payments. If the Coordinating Contractor has all Prime Contractors’ Baseline Schedule and Value Line data before the Baseline Schedule is approved, the Coordinating Contractor may submit the Baseline Schedule with value lines for SEPTA’s review and approval.

As defined in Article XII.B, Schedule of Payments, each Value Line shall include its proper share of overhead and profit. Therefore, Value Lines for general conditions and other overhead costs are not acceptable. Value Lines for shop drawing submissions and approval are not acceptable.

The Coordinating Contractor's failure to submit the Baseline Schedule, Value Line Breakdown and CD as required shall result in the withholding of progress payments to the extent permitted by Section XII.C of the Agreement until such submission requirements are met. No payment will be made until the Baseline Schedule and Value Line Breakdown have been approved by SEPTA.

6. SCHEDULE UPDATING AND PAYMENT REQUISITION

6.1. Schedule Updating

A schedule review and update meeting shall be held each month on a day designated by the Project Manager. At this meeting, all progress during the reporting period shall be addressed and reviewed. The updated Schedule shall reflect actual start and actual finish dates for all completed activities and actual start and projected completion dates or remaining durations for all in-progress activities. Each Prime Contractor shall be represented at each monthly progress meeting by its project manager and/or superintendent who shall be prepared to provide progress information.

The Coordinating Contractor shall submit the Schedule update to SEPTA within five (5) calendar days of the progress meeting. The Schedule update shall include the following:

a. Two (2) copies of the P3 or P6 time-scaled diagram showing all activities except completed activities.

b. Two (2) copies of the written narrative report which addresses, as a minimum:

- Description of project status
- The critical path
- Activities that may become critical within the next 30 day period
- Schedule slippages, if any, including a comparison to the previous Schedule update's status, the reason(s) for the schedule slippages and the measures required to get the project back on schedule
- Schedule revisions as approved by SEPTA at the progress meeting or by other means.

c. CD of the updated Schedule in P3 or P6 format. The CD shall be identified by project name, update number and data date.

Failure of any Prime Contractor to provide the required information on time and failure by the Coordinating Contractor to furnish an acceptable P3 or P6 time-scaled diagram, written narrative report and CD on time may result in the progress payment of the Prime Contractor
responsible being delayed until the required action is taken to the extent permitted by Section XII.C of the Agreement.

The Schedule shall be updated monthly and will continue to be updated every month until Substantial Completion.

6.2 Schedule Revisions

Any revision to the approved Schedule must be approved by SEPTA. After approval, Schedule revisions shall be addressed in the written narrative report by means of both a description of the revisions and a listing of those activities affected by such change. This listing will include the following, when applicable:

a. Addition and deletion of activities
b. Addition and deletion of relationships including relationship types and lags
c. Changes to activity descriptions
d. Changes to activity original durations
e. Changes to relationship types and lag codes
f. Changes to contract milestone dates and approved constraint dates
g. All other revisions

The Coordinating Contractor shall maintain the Schedule’s CPM logic such that it reflects the planned work sequence of all Prime Contractors as of the date of the update. Out of sequence logic shall be revised, as necessary, and is subject to SEPTA’s approval.

Failure to comply with the Schedule revision approval provisions described herein may result in the rejection of the Schedule submission and subsequent delay to the related progress payment until compliance is achieved.

6.3 Payment Requisition

Prior to updating the Schedule, each Prime Contractor shall update the SEPTA-supplied Contract Skeleton Form. The Contract Skeleton Form shall be available to each Prime Contractor on, or before, the monthly progress meeting during which the Schedule will be updated and progress payments, as agreed upon prior to the meeting, will be discussed. The Contract Skeleton Form period ending date and Schedule data date will be the same.

After SEPTA approves the completed Contract Skeleton Form, SEPTA will generate the Contract Payment Request. Once the necessary signatures have been secured and the “Release of Liens and Affidavit for Partial Payment” form has been submitted, and after SEPTA receives an acceptable updated Schedule, each Prime Contractor’s payment for the requisition period can be processed subject to the Prime Contractor’s meeting the conditions set forth in Section XII.C of the Agreement.

7. CHANGE ORDERS

When a change order is proposed by SEPTA or one of the Prime Contractors, the appropriate Prime Contractor must identify all CPM logic changes and additions required as a result of said proposed change order. Upon acceptance of the revision(s), the appropriate Prime Contractor shall provide the Coordinating Contractor with the pertinent information so that the Schedule can be modified to reflect the change order work. The cost of all CPM logic changes required to reflect change order work shall be borne by the Coordinating Contractor.

8. RESPONSIBILITY FOR COMPLETION

When, in SEPTA’s sole opinion, an interim milestone date or the Contract Completion Date will not be
met, the Prime Contractor, if any, determined by SEPTA to be the cause of the delay to these dates, shall take some or all of the following actions, as directed by SEPTA:

a. Increase manpower in such quantities and crafts to eliminate the backlog of work.
b. Increase the number of working hours per shift, shifts per working day, working days per week, the amount of equipment, or any combination of the foregoing to eliminate the backlog of work.
c. Propose a Recovery Schedule or Delay Mitigation Plan for the Work under its Contract within 14 calendar days of SEPTA’s request.

Prior to proceeding with any of the above actions, such Prime Contractor shall notify and obtain acceptance from SEPTA for the proposed Schedule changes. If actions are approved, the revisions shall be incorporated by the Coordinating Contractor into the Schedule during the next update period. Any additional costs incurred by any Prime Contractor as a result of its or another Prime Contractor's failure to meet the latest approved Schedule shall be borne by the appropriate Prime Contractor(s).

9. ADJUSTMENT OF CONTRACT COMPLETION

If a Prime Contractor requests an extension of time for the completion of an interim milestone date or Contract Completion Date, this Prime Contractor shall, in addition to the time impact analysis submission requirements specified in the Contract, furnish such justification, CPM data and supporting evidence as SEPTA may deem necessary for the determination as to whether or not said Prime Contractor is entitled to an extension of time under the provisions of the Contract. The time impact analysis shall include a narrative describing the delays and time impacts to the current Contract Completion Date. The cost of all time extension requests, including time impact analyses, shall be borne solely by the Prime Contractor requesting the time extension.

The Schedule must clearly display that the requesting Prime Contractor has used, in full, all the float time available for the work involved in its request. Float time in the Schedule is not for the exclusive use or benefit of either SEPTA or Prime Contractor but is a jointly owned expiring resource available to both parties as needed to meet interim milestones or the Contract Completion Date. Delays to activities which, according to the most current updated Schedule, do not affect the current Contract Completion Date as shown by the Schedule’s critical path will not be the basis for a change to the Contract Completion Date.

After receipt of such justification and supporting evidence, SEPTA will review the facts and advise the Prime Contractor in writing of SEPTA's decision. If SEPTA determines that the requesting Prime Contractor is entitled to an extension of time to an interim milestone date, the Contract Completion Date shall remain the same, unless SEPTA states otherwise.

If SEPTA has not yet made a final determination as to the amount of time extension to be granted and SEPTA and the Prime Contractor requesting an extension of time are unable to agree on the amount of the extension to be reflected in the Schedule, the Coordinating Contractor shall reflect that amount of time extension in the Schedule as SEPTA may determine to be appropriate for such interim purpose. It is understood and agreed that such interim determination by SEPTA for the purposes of this paragraph will not be binding upon SEPTA or the Prime Contractor requesting the extension of time for any other purpose and that, after SEPTA has made a final determination as to any time extension, the Coordinating Contractor shall revise the Schedule in accordance with the final decision.

A. **DBE CONTRACT GOALS**

In connection with this solicitation and any resulting contract, SEPTA has established the following goal for Disadvantaged Business Enterprise (DBE) participation. The DBE goal shall apply to all change orders and amendments.

**DBE Goal:** 18% of the total dollar value of the Contract Sum.

B. **DEFINITIONS**

1. "**Affiliation**" has the same meaning the term has in the Small Business Administration regulations, 13 CFR part 121:
   (a) Except as otherwise provided in 13 CFR part 121, concerns are affiliates of each other when, either directly or indirectly:
      (1) one concern controls or has the power to control the other; or
      (2) a third party or parties controls or has the power to control both; or
      (3) an identity of interest between or among parties exists such that affiliation may be found.
   (b) In determining whether affiliation exists, it is necessary to consider all appropriate factors, including common ownership, common management, and contractual relationships. Affiliates must be considered together in determining whether a concern meets small business size criteria and the statutory cap on the participation of firms in the DBE program.

2. “**Contract Sum**” means total contract price, including any change orders and amendments.

3. "**Disadvantaged Business Enterprise**" or "**DBE**" means a for-profit small business concern (a) that is at least fifty-one percent (51%) owned by one or more individuals who are both socially and economically disadvantaged or, in the case of a corporation, in which fifty-one percent (51%) of the stock is owned by one or more such individual(s); and (b) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it and is certified as such by SEPTA’s DBE Program Office or by Pennsylvania’s Unified Certification Program (PAUCP).

4. "**Joint Venture**" means an association of a DBE firm and one or more other firms to carry out a single, for-profit business enterprise, for which purpose they combine their property, capital, efforts, skills and knowledge, and in which the DBE is responsible for a distinct clearly defined portion of the work to be performed by the joint venture and whose share in the capital contribution, control, management, risks and profits of the joint venture are commensurate with its ownership interest (see paragraph D.5. below).

5. "**Small Business Concern**" means a small business concern as defined pursuant to Section 3 of the Small Business Act and Small Business Administration regulations implementing it (13 CFR part 121), that also does not exceed the following size determinations:
to be an eligible DBE, a firm (including its affiliates) must be an existing for-profit small business, as defined by Small Business Administration (SBA) standards found in 13 CFR part 121 appropriate to the type(s) of work the firm seeks to perform in DOT-assisted contracts.

(b) In addition to the requirements of (a) above, a firm must also meet the annual gross receipts requirements defined in SBA regulations 13 CFR §121.402

6. **"Socially and Economically Disadvantaged Individuals"** means any individual who is a citizen (or lawfully admitted permanent resident) of the United States and who is:

(a) Any individual which SEPTA finds to be a socially and economically disadvantaged individual on a case-by-case basis.

(b) Any individual in the following groups, members of which are rebuttably presumed to be socially and economically disadvantaged:

(i) "Black Americans" which includes persons having origins in any of the Black racial groups of Africa;
(ii) "Hispanic Americans" which includes persons of Mexican, Puerto Rican, Cuban, Dominican, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;
(iii) "Native Americans" which includes persons who are American Indians, Eskimos, Aleuts, or Native Hawaiians;
(iv) "Asian-Pacific Americans" which includes persons whose origins are from Japan, China, Taiwan, Korea, Burma (Myanmar), Vietnam, Laos, Cambodia (Kampuchea), Thailand, Malaysia, Indonesia, the Philippines, Brunei, Samoa, Guam, the U. S. Trust Territories of the Pacific Islands (Republic of Palau), the Commonwealth of the Northern Marianas Islands, Macao, Fiji, Tonga, Kiribati, Tuvalu, Nauru, Federated States of Micronesia, or Hong Kong;
(v) "Subcontinent Asian Americans" which includes persons whose origins are from India, Pakistan, Bangladesh, Bhutan, the Maldives Islands, Nepal or Sri Lanka;
(vi) Women;
(vii) any additional groups whose members are designated as socially and economically disadvantaged by the SBA, at such time as the SBA designation becomes effective.

C. **SUBMISSION REQUIREMENTS**

1. The vendor must fill out, sign and submit the Bid Acknowledgement Form at the time of its bid.

2. The Bidder, using the attached DBE Participation Schedule, is required to submit the requisite information on a properly executed Participation Schedule for each proposed DBE subcontractor/supplier:

(a) The name and address of the DBE firm that will participate in the Contract;
(b) A description of the work that the DBE will perform;
(c) The dollar amount of participation for the DBE firm participating.

The Bidder is required to submit a properly executed DBE Participation Schedule for each DBE subcontractor/supplier identified to participate in the Contract.

Within forty-eight (48) hours from notification by SEPTA< Bidder is required to submit a Commitment/Confirmation document for each DBE firm scheduled to participate. The Commitment/Confirmation document represents:
(a) The Bidder’s commitment to use a DBE subcontractor/supplier whose participation it submitted to meet a contract goal; and

(b) The DBE subcontractor/supplier’s confirmation that it is participating in the Contract as provided in the Bidder’s commitment.

(c) If the contract goal is not met, Bidder must provide evidence of its Good Faith Efforts in accordance with Paragraph E. Determination of DBE Responsibility.

In accordance with 49 CFR §26.39 (Fostering Small Business Participation), the Bidder is also required to identify all other subcontractors/suppliers scheduled to participate in the Contract by submitting the attached Non-DBE Participation Schedule.

Any questions regarding DBE and or SBE Participation should be directed to SEPTA’s DBE Program Office at (215) 580-7278.

3. The requirements of this section also apply to DBE Bidders for prime contracts. In determining whether a DBE Bidder for a prime contract has met a Contract goal, the work the DBE has committed to perform with its own forces as well as the work it has committed to be performed by DBE subcontractors and DBE suppliers will be counted.

4. SEPTA's DBE Program Office will provide upon request SEPTA's DBE Directory. The DBE Directory is revised on a continual basis; i.e., at least weekly, and identifies all firms eligible to participate as DBEs in SEPTA's program. Additionally, interested persons can obtain access to a state-wide combined directory through SEPTA’s membership in the Pennsylvania Unified Certification Program (PAUCP) at http://www.paucp.com. These DBE directories list the firm’s name, address, phone number, fax number, email address and the types of work the firm has been certified to perform as a DBE.

D. DETERMINATION OF PERCENTAGE OF DBE PARTICIPATION

DBE participation shall be credited toward achieving the DBE Goal as follows:

1. When a DBE participates in a contract, only the value of the work actually performed by the DBE will be counted toward DBE goals.

2. SEPTA will count the entire amount of that portion of a construction contract (or other contract covered by paragraph D.3. below) that is performed by the DBE's own forces, including the cost of supplies and materials obtained by the DBE for the work of the contract, and supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliates).

3. SEPTA will count the entire amount of fees or commissions charged by a DBE firm for providing a bona fide service, such as professional, technical, consultant, or managerial services, or for providing bonds or insurance specifically required for the performance of the contract, toward DBE goals, provided SEPTA determines the fee to be reasonable and not excessive as compared with fees customarily allowed for similar services.

4. When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the DBE's subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward DBE goals.

5. When a DBE performs as a participant in a joint venture, SEPTA will count a portion of the total value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs...
with its own forces toward DBE goals.

6. SEPTA will count expenditures to a DBE contractor toward DBE goals only if the DBE is performing a commercially useful function on that contract, as determined by SEPTA's DBE Program Office.

(a) A DBE is considered to perform a commercially useful function when it is responsible for execution of a specific scope of work in a contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity when ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, SEPTA will evaluate the amount of work subcontracted; industry practices; whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing; and the DBE credit claimed for its performance of the work and other relevant factors.

(b) A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, SEPTA will examine similar transactions, particularly those in which DBEs do not participate.

(c) If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, SEPTA will presume that the DBE is not performing a commercially useful function.

(d) When a DBE is presumed not to be performing a commercially useful function, SEPTA will accept evidence from the DBE or prime contractor to rebut this presumption. Evidence from independent sources, such as trade journals or independent studies by consultants, is particular desirable in such circumstances.

7. SEPTA will use the following factors in determining whether a DBE trucking company is performing a commercially useful function:

(a) The DBE must be responsible for the management and supervision of the entire trucking operation for which it is responsible on a particular contract, and there cannot be a contrived arrangement for the purpose of meeting DBE goals.

(b) The DBE must itself own and operate at least one fully licensed, insured, and operational truck used on the Contract.

(c) The DBE receives credit for the total value of the transportation services it provides on the Contract using trucks it owns, insures, and operates using drivers it employs.

(d) The DBE may lease trucks from another DBE firm, including an owner-operator who is certified as a DBE. The DBE who leases trucks from another DBE receives credit for the total value of the transportation services the lessee DBE provides on the Contract.

(e) The DBE may also lease trucks from a non-DBE firm, including an owner-operator. The DBE who leases trucks from a non-DBE is entitled to credit for the total value of transportation services provided by non-DBE lessees not to exceed the value of transportation services provided by DBE-
owned trucks on the contract. The DBE does not receive credit for the total value of the transportation services provided by the lessee, since these services are not provided by a DBE.

(f) For purposes of this paragraph D.7., a lease must indicate that the DBE has exclusive use of and control over the truck. This does not preclude the leased truck from working for others during the term of the lease with the consent of the DBE, so long as the lease gives the DBE absolute priority for use of the leased truck. Leased trucks must display the name and identification number of the DBE.

8. SEPTA will count expenditures with DBEs for materials or supplies toward DBE goals as provided in the following:

(a) If the materials or supplies are obtained from a DBE manufacturer, count 100% of the cost of the materials and supplies toward DBE goals. For purposes of this section, a "manufacturer" is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the Contract and of the general character described by the Specifications.

(b) If the materials or supplies are purchased from a DBE Regular Dealer count 60% of the cost of the materials and supplies toward DBE goals. For purposes of this section, a "regular dealer" is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the Specifications and required under the Contract are brought, kept in stock, and regularly sold to the public in the usual course of business. To be a regular dealer, the firm must be an established, regular business that engages, as its principal business and under its own name, in the purchase and sale or lease of the products in question. A person may be a regular dealer in such bulk items as petroleum products, steel, cement, gravel, stone, or asphalt without owning, operating, or maintaining a place of business as previously provided if the person both owns and operates distribution equipment. Any supplementing of regular dealers' own distribution equipment shall be by a long-term lease and not on an ad hoc or contract-by-contract basis. Packagers, brokers, manufacturers' representatives, or other persons who arrange or expedite transactions are not regular dealers within the meaning of this paragraph.

(c) With respect to materials or supplies purchased from a DBE which is neither a manufacturer nor a regular dealer, SEPTA will only count the entire amount of fees or commissions charged for assistance in the procurement of the materials and supplies, or fees or transportation charges for the delivery of materials or supplies required on a job site, toward DBE goals, provided SEPTA determines the fees to be reasonable and not excessive as compared with fees customarily allowed for similar services. No portion of the cost of the materials and supplies themselves will be counted towards DBE goals.

9. SEPTA will not count the participation of a DBE subcontractor toward the prime contractor's DBE achievements until the amount being counted toward the goal has been paid to the DBE.

E. DETERMINATION OF DBE RESPONSIBILITY

1. SEPTA will only award a contract with a DBE goal to a Bidder who meets the participation goal or makes good faith efforts to meet it. A Bidder must do either of the following things:

(a) Documents that it has obtained sufficient DBE participation to meet the goal; or
2. In determining whether a Bidder has made good faith efforts to meet the DBE Goal, SEPTA will look at the documentation supporting the different kinds of efforts that the Bidder has made, as well as the quantity and intensity of those efforts. As requested by SEPTA's DBE Program Office, a Bidder shall be required to submit in writing the efforts undertaken to demonstrate the Bidder's good faith efforts to obtain DBE participation for this Contract. At a minimum, the Bidder's written statement shall include the following information, as well as address the steps specified in 49 CFR, part 26, Appendix A, IV - Guidance Concerning Good Faith Efforts:

(a) Whether the Bidder attended any pre-bid meetings that were scheduled by SEPTA to inform DBEs of contracting and subcontracting opportunities;

(b) Whether the Bidder advertised in general circulation, trade association, and minority focus-media concerning the subcontracting opportunities;

(c) Whether the Bidder provided written notice to a reasonable number of specific DBEs that their interest in the contract was being solicited, in sufficient time to allow the DBEs to participate effectively;

(d) Whether the Bidder followed up initial solicitations of interest by contacting DBEs to determine with certainty whether the DBEs were interested;

(e) Whether the Bidder selected portions of the work to be performed by DBEs in order to increase the likelihood of meeting the DBE Goal (including, where appropriate, breaking down contracts into economically feasible units to facilitate DBE participation);

(f) Whether the Bidder provided interested DBEs with adequate information about the plans, specifications and requirements of the contract;

(g) Whether the Bidder negotiated in good faith with interested DBEs, not rejecting DBEs as unqualified without sound reasons based on a thorough investigation of their capabilities;

(h) Whether the Bidder made efforts to assist interested DBEs in obtaining bonding, lines of credit, or insurance required by SEPTA or the bidder; and

(i) Whether the Bidder effectively used the services of available DBE community organizations, DBE contractors' groups, local, State and Federal DBE business assistance offices, and other organizations that provide assistance in recruitment and placement of DBEs.

3. If SEPTA determines that the apparent successful Bidder has failed to meet the requirements specified in paragraph E.1.above, SEPTA will provide upon receipt of written request from the Bidder an opportunity for administrative reconsideration:

(a) As part of this reconsideration, the Bidder will have the opportunity to provide additional written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so.

(b) SEPTA's decision on reconsideration will be made by an official who did not take part in the original determination that the Bidder failed to meet the goal or make adequate good faith efforts.
to do so.

(c) The Bidder will have the opportunity to meet in person with SEPTA's reconsideration official to discuss the issue of whether it met the goal or made adequate good faith efforts to do so.

(d) SEPTA will send the Bidder a written decision on reconsideration, explaining the basis for finding that the bidder did or did not meet the goal or make adequate good faith efforts to do so.

(e) The result of the reconsideration process is not administratively appealable to the Department of Transportation.

F. **DBE MODIFICATION(S) OR SUBSTITUTION(S)**

1. In the event that a Bidder required a modification to its DBE Participation Schedule after contract award, then the Bidder must notify, in writing, SEPTA's DBE Program Office, and request approval for the modification. This will include any modifications or substitutions to items or work, material, services and/or DBE firms identified on the initial DBE Participation Schedule. The Bidder must provide SEPTA with any and all documents and information as may be requested with respect to the requested modification. If the modification involves a substitution and if SEPTA agrees that a substitution may be made, then the Bidder shall make good faith efforts as set forth in paragraph E.2. above to substitute that DBE firm with another DBE firm. Such efforts must be documented to the satisfaction of SEPTA's DBE Program Office in the event that the Bidder is unable to contract with another DBE firm. The level of DBE Participation achieved will be reviewed in accordance with the requirements of paragraph E.2. above. The substitute DBE firm must be certified by SEPTA's DBE Program Office in order for the Bidder to receive credit towards achieving the DBE Goal for this SEPTA contract.

2. If after award of the Contract, a DBE subcontractor is terminated, or fails to complete its work on the Contract for any reason, SEPTA will require the prime contractor to make good faith efforts to find another DBE subcontractor to substitute for the original DBE. These good faith efforts shall be directed at finding another DBE to perform at least the same dollar value of work under the Contract as the DBE that was terminated, to the extent needed to meet the Contract goal established by SEPTA.

G. **REPORTING AND RECORDKEEPING REQUIREMENTS**

To ensure that all obligations under the contracts awarded to DBEs are met, SEPTA’s DBE Program Office shall monitor the Contractor’s performance during the life of the Contract.

1. Upon execution of its SEPTA contract, the Contractor shall enter into written subcontract agreement(s) with the DBE(s) listed in its DBE Participation Schedule. Copies of the Contractor’s executed subcontract agreement(s) with DBEs shall be provided to SEPTA’s DBE Program Office by the Contractor immediately upon execution.

2. The Contractor shall submit a work schedule outlining when the DBE subcontractor(s) will commence and complete work on the project, at such times as prescribed by SEPTA’s DBE Program Office.

3. The Contractor shall submit monthly reports of actual contract expenditures to DBE’s by the Contractor. This information must be submitted electronically via SEPTA’s website (http://bizweb.septa.org/bizwebsepta).

4. The Contractor and subcontractor(s) shall permit access to their books, records and accounts by SEPTA (or its designated representative) or the Federal Transit Administration (FTA) for the purpose of
investigation to ascertain compliance with these specified requirements. Such records shall be maintained by the Contractor in a fashion which is readily assessable to SEPTA and/or the FTA for a minimum of five (5) years following completion of this Contract.

5. With regard to any claim or dispute with respect to payment of a subcontractor at any tier, Contractor expressly agrees to defend, indemnify and hold SEPTA harmless in the event any suit is brought on account of a dispute between any of the parties including but not limited to subcontractor(s), supplier(s) and material men and in particular, Contractor shall assume the defense affirmatively at its sole cost whenever such suit is brought in any jurisdiction.

H. **SANCTIONS FOR VIOLATIONS**

If at anytime SEPTA has reason to believe that the Contractor is in violation of its obligations under this section, SEPTA may, in addition to pursuing any other available legal remedy, commence proceedings to impose sanctions on the Contractor. Such sanctions may include, but are not limited to, one (1) or more of the following:

1. The suspension of any payment, or part thereof, due to the Contractor until such time as the issues concerning the Contractor's compliance are resolved;

2. The termination or cancellation of the Contract, in whole or in part, unless the Contractor is able to demonstrate to SEPTA's satisfaction, within a reasonable time period as designated by SEPTA, its compliance with the terms of this Section; and

3. The denial of the Contractor of the right to participate in any further contracts awarded by SEPTA for a period not longer than three (3) years.

No such sanctions shall be imposed by SEPTA upon Contractor except in accordance with SEPTA's Procurement Manual and the terms of the Contract.

I. **FTA DBE AUDIT REQUIREMENT – DBE INVOICE PAYMENT REPORT**

The Contractor shall keep a regular accounting of actual expenditures of funds made under all contract and subcontract agreements with DBEs, specifically, an accounting of the actual amount of DBE expenditures for each contract. The Contractor shall complete and submit to SEPTA’s Project Manager with each of its invoices or any request for payment from SEPTA a DBE Invoice Payment Report. A copy of the reporting form is attached.

J. **MISCELLANEOUS**

The Contractor is encouraged to utilize the services of financial institutions owned and controlled by socially and economically disadvantaged individuals as defined at 49 CFR part 26.5.

[END OF PAGE]
As specified in the DBE Participation Section included in the Bidding Documents, the Bidder shall furnish to SEPTA’s satisfaction the details of disadvantaged business enterprise participation.

NOTE: Firms must be Pennsylvania Unified Certification Program (PA UCP)-certified prior to being listed on a DBE Participation Schedule.

Releasor acknowledges that the subject matter of the Agreement, including the handling, storage, packaging, transportation and disposal of the aforesaid Hazardous Waste by Releasors, is strictly regulated in the currently applicable federal regulations, found in Title 40 of the Code of Federal Regulations, Part 261 et seq (and as they may be amended) ("EPA Regulations").

B. Releasor expressly covenants that it is familiar with and agrees that it will comply with these Regulations. The Releasor further covenants and agrees to comply with all other federal, state, and local laws, ordinances, regulations and decrees, whether administrative or judicial, which are presently applicable or which may become applicable to the subject matter of the Agreement.

C. Releasor covenants and agrees that it will not use, presently, or at any future time, any of the above-referenced Hazardous Waste to be removed pursuant to this contract, and that it will only handle said materials according to all applicable laws and regulations, and handle, store, package, transport and eventually dispose of the Hazardous Waste according to all applicable laws. Releasor further covenants and agrees that, in the event it contracts with any other party or parties for the handling, storage, packaging, transportation and/or disposal of Hazardous Waste, which is the subject of the present Agreement, that Releasor is obligated to ascertain that such other party or parties will comply as fully with the law as Releasor is obligated to do hereunder and as SEPTA is obligated to do, and that Releasor will obtain a written certification accompanied by an affidavit of an officer of each such third party stating that the third party or parties will fully comply with the EPA Regulations and all other applicable laws with respect to the Hazardous Waste. The failure of Releasor to obtain such certification from any third party or parties shall not be deemed to be a breach of this Release or the Agreement as long as Releasor has used its best efforts to obtain the same. A copy of such certification must be sent by Releasor to SEPTA within thirty (30) days of the making of any such contract with any
such third party or parties. Releasor agrees to obtain the prior written approval of SEPTA before Releasor engages any third party or parties to perform any services under this paragraph; provided, however, that no such prior approval shall be required of SEPTA in conjunction with the contracting by Releasor for the ultimate disposal of the Hazardous Waste, on the condition that Releasor obtain a written certification and affidavit prior to or at the time when the third party takes possession of such Hazardous Waste and shall state that the third party will fully comply with the EPA Regulations and all other applicable laws. Releasor covenants and agrees to transmit to SEPTA such certification and affidavit within ten (10) days of the date such certification and affidavit are executed by the third party and officer thereof.

D. Releasor avers that it has been engaged in the business of handling, processing and storing Hazardous Waste for the past three years and to the extent required by law, has arranged for lawful disposal of Hazardous Waste for the past three years.

E. It is understood by the parties to the Agreement that the Hazardous Waste which is the subject of the Agreement pass to Releasor at the time said Hazardous Waste is generated by Releasor's activities, unless barred by the operation of law.

F. Any act or omission on the part of Releasor which involves or includes a violation of the EPA Regulations or of any federal or state environmental statute or regulation, or local ordinance dealing with the environment, and which involves the handling, disposal, storage, packaging, transportation and/or disposal of the Hazardous Waste which is the subject of the Agreement will be regarded by SEPTA as a substantial breach of the Agreement. Such act(s) or omission(s) will be regarded as a breach or breaches of the Agreement by Releasor whether resulting from the inadvertence, negligence or gross negligence of Releasor.

G. (1) Releasor covenants and agrees to send to SEPTA one copy of every record which Releasor is obligated by the EPA Regulations to maintain and one copy of every communication between Releasor and every federal, state and local governmental body, including also the Environmental Protection Agency, which deals with the Hazardous Waste which is the subject of the Agreement, and to send such copies to SEPTA within thirty (30) days of the making of such records and the sending or receiving of such communication.

(2) In the event that Hazardous Waste is stored by Releasor prior to ultimate disposal, Releasor covenants and agrees to send to SEPTA the certification that such disposal was carried out properly under the EPA Regulations and all other applicable laws, and such certification shall be sent within thirty (30) days of each such disposal.

(3) On the occasion or occasions of the ultimate disposal of any or all of the Hazardous Waste, Releasor covenants and agrees to send to SEPTA its certification that such disposal was carried out properly under the EPA Regulations and all other applicable laws, and such certification shall be sent within thirty (30) days of each disposal.

(4) The certifications concerning proper storage and disposal, which are the subjects of the two immediately preceding subparagraphs (2 and 3), are to be sent by Releasor to SEPTA even if Releasor, pursuant to paragraph C above, has engaged a third party or parties to perform such storage and/or disposal, and regardless of whether Releasor passes Hazardous Waste to any other party or parties. This requirement concerning the sending of certifications described in this paragraph is the continuing responsibility of Releasor, and may not be assigned to any agent or independent contractor of Releasor, without the prior written consent of SEPTA.

(5) The transmission by Releasor of all records, documents, and certifications mentioned in this paragraph G or elsewhere in this Release within the prescribed periods and at the prescribed
intervals is regarded by both parties to be of the essence of this Release and the incorporated Agreement.

H. Releasor hereby promises and agrees that in the event that SEPTA is named as a defendant in any action at law or equity or in any criminal or civil action or any administrative proceeding before any court or administrative agency in any jurisdiction, for any act or omission for which Releasor is responsible pursuant to the Agreement or this Release, Releasor hereby covenants and agrees to defend, indemnify, and hold harmless SEPTA, its agents, employees and officers, successors and subsidizers, from and against any civil or criminal judgment, penalty, cost, claim, suit or action at law or in equity or any administrative proceeding which may be brought against SEPTA on account of any violation or damage of any kind whatsoever including property loss or personal injury of any kind or nature whatsoever (including deaths) arising out of or in any way connected with Releasor's performance of the Agreement incorporated by reference herein.

I. This Release and Agreement to conform with Environmental Laws shall be interpreted according to the laws of the Commonwealth of Pennsylvania.

For and in consideration of the Agreement incorporated herein by reference as though set forth fully herein, and for other good and lawful consideration, this Release and Agreement to Conform with Environmental Laws for Hazardous Waste Removal is executed and delivered this _______ day of ________, 20__, by the hereunder signed parties and/or authorized representatives thereof.

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAWG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0190-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0190 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0190. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. 12 indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.
Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010
08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

* an existing published wage determination
* a survey underlying a wage determination
* a Wage and Hour Division letter setting forth a position on a wage determination matter
* a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an
Any party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

   Administrative Review Board  
   U.S. Department of Labor  
   200 Constitution Avenue, N.W.  
   Washington, DC 20210

4. All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION
